<input checked="" type="checkbox"/>	EXHIBIT G – Debarment & Suspension				

“REVISED” EXHIBIT A
SCOPE OF WORK

BASIS OF AWARD: The award of this order is based on the lowest responsive and responsible bidder(s) as determined by the Capital Area Transportation Authority (CATA). CATA has the right to make award(s) on the basis of each individual item or any combination of items, or in the aggregate of all items.

Please Note: This bid package and any amendments are available at www.cata.org. Please continue checking the website for any updates or amendments.

1. Objectives

The specific objectives for this project are as follows:

- (1) Secure a contract for transit bus batteries.

2. Service Period

Year 1: December 1, 2019 to November 30, 2020

Year 2: December 1, 2020 to November 30, 2021

3. Scope of Work

The purchase of new batteries for Fleet transit buses on an as needed basis.

Description:

1. Battery – heavy duty, maintenance-free, 12 volt, 950 cold cranking amps (CCA tested at 0° Fahrenheit), Top Post 31T group size (threaded stud post), 117 Ah battery capacity, and 195 minute reserve capacity. Visible Year/Month date code. Warranty requirements; minimum two (2) year per battery.
2. Battery – heavy duty, maintenance-free, 12 volt, 700 cold cranking amps (CCA tested at 0° Fahrenheit), Top Post 31T group high reserve capacity (threaded stud post), 104 Ah battery capacity, and 190 minute reserve capacity. Visible Year/Month date code. Warranty requirements; minimum two (2) year per battery.

Documentation Requirements:

1. You **MUST** include the Part Number for the battery quoted.
2. A specification sheet **MUST** be included for each battery submitted with your bid.
3. The specification sheets provided **MUST** match the part number for each battery submitted with your bid.
4. A warranty **MUST** be included for each battery submitted with your bid.
5. Whether or not the quoted price includes core exchange, and if not, the amount of the core charge.

Ordering/Inventory: The vendor shall maintain an inventory to provide CATA with sufficient batteries for the fleet as required. CATA will contact the vendor to place a battery order via telephone, facsimile or any other designated media to be defined acceptable by the vendor and CATA. CATA will note the part number and quantity of each battery to be delivered. The order will be confirmed by the vendor by receipt of a signed purchase order which shall be issued by CATA for each individual order. The confirmed order shall be delivered and received at the CATA facility within 24 hours. CATA's expectation is to maintain sufficient inventory on hand to support the fleet for approximately (5) five days. The vendor shall note the brand name of the battery they are representing and rating for the battery.

Price quoted will include all fees. Prices should be based on CATA's status as a tax exempt, municipal government agency.
