1. Background

The Capital Area Transportation Authority (“CATA”) is the regional public transportation provider for the Greater Lansing area. Specifically, CATA currently provides transit service to the Cities of Lansing and East Lansing, the Townships of Lansing, Delhi, and Meridian and Ingham County. CATA operates over 30 fixed bus routes and demand-response services in the rural Ingham area, as well as in Delhi and Meridian Townships and the Cities of Mason and Williamston. CATA also provides a demand-response service designed to meet the needs of persons with disabilities, called Spec-Tran. CATA provided 11.8 million passenger trips in Fiscal Year 2013. Over 3 million of those rides occurred on MSU campus that year.

2. Proposal Preparation

Each Proposal shall be made only on this RFP. Each Proposal must be enclosed in a sealed envelope with the name and address of the Proposer clearly stated. The outside of the envelope shall state the RFP number, title and due date. All blank spaces in the offer must be filled in and no changes shall be made in the wording.

As consideration for any Proposer’s Proposal being considered by CATA in its award of the Contract, each Proposer hereby agrees that (1) the Proposal shall be on such form as CATA provides and shall be sealed; and (2) any revocation or modification of the Proposal shall only be on the same form(s) and submitted in the same manner as the original Proposal was submitted prior to the date on which the Proposals are due.

3. Proposal Format

The Proposal shall contain a cover letter signed by a person authorized to bind the Proposer (i) agreeing that the Proposal shall remain valid for not less than 120 days (as extended in the event of a Protest) and (ii) providing a name, physical address, and email address of such person who is administering the Proposal, who has authority to bind the Proposer and to whom CATA may submit notices and writings regarding this RFP. It is to this person and at this email address that CATA will provide notices and other matters regarding this RFP.

Proposals shall be organized as follows:

Section 1	Methodology and Approach
Section 2	Company Qualifications
Section 3	Personnel & Experience
Section 4	Price
Section 5	Required Submittals (Forms and Exhibits)

4. Submission of Proposals

The Proposer must submit its Proposal, which must be received by CATA no later than the date and time specified in Block 8 of the RFP cover page. The envelope containing the Proposal must be marked with the RFP number and title as set forth on the cover page of this RFP.

Proposals may be hand delivered, mailed or sent via a reputable national courier (such as UPS or Fed-Ex). All Proposals must be delivered to the following address:

Capital Area Transportation Authority
Attn: Purchasing & Contracts Department
4615 Tranter Street
Lansing, Michigan 48910

and **must be received** by CATA by the date and time set forth in Block 8 of the Proposal Cover Page. For example, a postmark date on a mailed Proposal will not be considered as being “received”.

If a Proposal is hand delivered, it must be delivered to the front desk at the above address. In such an event, the Proposer or its agent should request a verification receipt to prove that the submission of its Proposal was timely.

Any Proposal not timely received may, in CATA’s sole and absolute discretion, be rejected.

5. Late Proposals

Any Proposal received at the office designated in this RFP after the exact time specified for receipt will not be considered unless:

(1) It was sent by registered or certified mail not later than the fifth calendar day prior to the date specified for receipt of Proposals (e.g., a Proposal submitted in response to an RFP requiring receipt of Proposals by the 20th of the month must have been mailed by the 15th or earlier in order to be timely);

(2) It was sent by mail and it is determined by the Authority that the late receipt was due solely to mishandling by the Authority after receipt at the Authority's offices;

(3) It was sent by U. S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 P.M. at the place of mailing two (2) working days prior to the date specified for receipt of Proposals. The term "working days" excludes weekends and U. S. Federal holidays.

6. Proposal Modification or Withdrawal

Prior to the date and time set for the receipt of Proposals, a Proposal may be modified or withdrawn by the Proposer. All such modifications must be made in writing, either hand delivered, mailed or sent via a reputable national courier to the address above for receiving Proposals. Any request to withdraw a Proposal must be in writing and received by CATA (in the same manner as the Proposal was submitted) by no later than the deadline date and time set forth for the receipt of Proposal. If timely received, CATA will return unopened the Proposal if requested to be withdrawn or returned. If a modification is timely received by CATA prior to the date and time set for the receipt of Proposals, then that modification will be considered by CATA as a part of the original Proposal.

7. Revisions and Amendments to the Proposal

CATA reserves the right in its absolute discretion to revise or amend this RFP, including the scope of work, up to the time set for receipt of the Proposals. Any such revision or amendment, if any, will be sent via email to all Proposers who have requested a copy of this RFP and furnished CATA with their correct email address. In the event that this RFP is revised or amended within five (5) business days of the date set for opening Proposals, CATA may extend the RFP opening date for up to an additional five (5) business days. The form transmitting the revision or amendment must be signed by the Proposer, acknowledging its receipt, and copy of the signed document must be included in the Proposal documents. **Failure to (i) sign the form transmitting the revision or amendment and (ii) include the signed form in the Proposal may, in CATA sole and absolute discretion, result in the rejection of the Proposal.**

8. Pre-proposal Meeting

See Block 5 of the RFP cover page for whether a pre-proposal meeting (at which questions may be directed to and answered by CATA personnel) will be held in connection with this RFP and, if so, the date and time of such meeting.

A pre-proposal meeting, if held pursuant to this RFP, will be at CATA's Administrative Office, located at 4615 Tranter Street, Lansing, Michigan, 48910. If a pre-proposal meeting is held, attendance is not mandatory in order to submit a Proposal, however, it is recommended. In regard to questions raised at this meeting, CATA will make every effort to memorialize in writing those questions and responses by CATA, and thereafter distribute that document to all persons requesting same. Only written responses by CATA in writing may be relied upon; oral responses will not be considered a part of the RFP or binding on CATA. Thus, statements made by CATA at the pre-proposal meeting may not be relied upon in any way by any person and may not be the basis of any protest. Proposers are cautioned to independently verify any matters stated at the pre-proposal meeting. Again, only statements which are made by CATA in writing may be relied upon.

9. Knowledge of Conditions

Any person ("Proposer") submitting a proposal ("Proposal") in response to this Request for Proposal ("RFP") must examine the scope of work carefully and be informed thoroughly regarding any and all conditions and requirements that may in any manner affect the work to be performed under the contract to be awarded under this RFP (the "Contract"). No allowances will be made because of lack of knowledge of any specifications, conditions or requirements of this RFP.

10. Omission

Notwithstanding the provision of drawings, technical specifications or other data by CATA, Proposers shall have the responsibility of supplying all details required to make an accurate offer of services offered even though such details may not be specifically mentioned in the scope of work or elsewhere in this RFP.

11. Communications to CATA

All questions pertaining to this RFP, or any matters relating thereto the Scope of Work, or any questions pertaining to the RFP or Proposal documents, must be in writing and must be sent only to the person identified in Block 3 of the RFP cover page. Communications sent to any other person at CATA or at any other address may, in CATA's sole discretion, be deemed to be "non-responsive" and CATA in its discretion may elect to disregard any such questions. CATA will not respond to oral inquiries, and oral statements of any nature by CATA or any of its representatives may not be relied upon for any purpose whatsoever.

12. Requests for Clarification/Questions

All questions from any Proposer regarding the RFP or matters relating thereto must be submitted to CATA in writing no later than date specified in Block 6 of the RFP cover page. CATA will respond to all properly submitted questions at least five (5) business days prior to the date that Proposals are due. All responses will be sent via email to all persons who have requested a copy of this RFP and furnished CATA with a correct email address. All such questions must be sent to the contact person listed in Block 3 of the Proposal cover page.

13. Nonsolicitation of CATA During Blackout Period

During the period from the date of this RFP, through the period that the CATA Board of Directors approves the award of Contract (including any period during which a procurement protest ("Protest") has been filed and is pending), Proposers may not directly or indirectly contact any CATA Board member, any CATA employee, or CATA's legal counsel regarding this RFP except for questions directed to CATA as expressly provided in Section 7 above or except as expressly authorized under the Protest procedure set forth in Section 17. Any prohibited contact may result in the immediate disqualification of the Proposer from consideration for the award of the Contract and the rejection of any Protest.

14. Proposal Rejection

CATA may at any time reject any (i) Proposal which CATA deems in its sole and absolute discretion to be incomplete, (ii) Proposal which CATA deems in its sole and absolute discretion fails to conform to the requirements of this RFP, or (iii) Proposal which CATA deems, in its sole and absolute discretion, takes exception to the Scope of Work. CATA reserves the right in any event to (a) waive any informalities or irregularities in any Proposal, which CATA determines in its sole and absolute discretion, to be minor, or (b) reject all Proposals and re-solicit the procurement.

15. Award

CATA will award the Contract to the Proposer who submits a Proposal that CATA determines, in its sole and absolute discretion, is most advantageous to CATA (the "Selected Proposer"). The procurement process relating to this RFP is solely to benefit CATA and for CATA to determine in its discretion which Proposer is entitled to enter into a Contract with CATA.

16. Next Most Advantageous Proposal

In the event that the Selected Proposer fails or refuses to enter into a Contract with CATA, then CATA may award the Contract to the Proposer who submits a Proposal that CATA determines, in its sole and absolute discretion, is the next most advantageous to CATA. CATA also reserves the right at any time, in its absolute discretion, to cancel the RFP and "rebid".

17. Proposer Affirmation

By submitting its Proposal, the Proposer affirms and declares:

EXHIBIT B SCOPE OF WORK

1. **Background**

Capital Area Transportation Authority ("CATA") is the regional public transportation provider for the Greater Lansing area. Specifically, CATA currently provides transit service to the Cities of Lansing and East Lansing, the Townships of Lansing, Delhi, and Meridian, Ingham County, and parts of Eaton and Clinton Counties. CATA operates over 30 fixed bus routes and demand-response services in the rural Ingham area, as well as in Delhi and Meridian Townships and the Cities of Mason and Williamston. CATA also provides a demand-response service designed to meet the needs of persons with disabilities, called Spec-Tran which provided 360,000 rides in FY 2014. CATA provided over 11.9 million total passenger trips in Fiscal Year 2014.

CATA Spec-Tran is provided in accordance with the American's with Disabilities Act ("ADA") for persons with disabilities who are unable to use public transportation fixed route services. Customers who wish to use Spec-Tran must be certified by CATA to qualify for this service. Over the past two years, the average ADA certifications applications processed for CATA was 1200 per year. CATA is seeking proposals from qualified agencies to process Spec-Tran applications requesting certification and determine eligibility and the level and length of service needed by individuals requesting Certification of Eligibility to use ADA Complementary Paratransit Service ("Spec-Tran") using criteria established by ADA regulations.

2. **Objectives of the Project**

The specific objective for this Project is to obtain the services of a qualified vendor to:

- a. Provide a thorough application screening process for customers seeking certification to use Spec-Tran.
- b. Certify customers who's disabilities prevent them from using fixed route service.
- c. Keep accurate and quantifiable records regarding denials and the reason for certification denials.
- d. Recertify Spec-Tran customers as required.

3. **Definitions**

"Fixed Route Service" is service provided along a prescribed route according to a fixed schedule.

"Paratransit" is commonly used to describe complimentary ADA service in a curb-to-curb manner. Advanced reservations are required.

4. **Scope of Work**

Customers of CATA Spec-Tran service must be certified as eligible to use the service due to a disability that prevents them from using CATA fixed route service in whole or in part. Certifications are made using the ADA guidelines.

Proposers must demonstrate a firm knowledge of ADA regulations and eligibility requirements for ADA Complementary Paratransit Service. Eligibility for ADA paratransit service is ultimately based upon functional considerations and it is useful to consider eligibility in terms of specific "tests." An analysis of these tests can then be used to determine whether or not an individual's eligibility for a paratransit service is general or applies only to certain conditions or trip requests.

Proposers must be experienced and skilled in working with people who have disabilities. The term "disability" is defined to include any physical or mental impairment that substantially limits one or more major life activities, a record of such an impairment, or being regarded as having such impairment.

"Major life activities" include caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

Only a specific impairment-related condition which prevents the individual from traveling to a boarding location or from a disembarking location is a basis for eligibility under this paragraph from the ADA regulation.

- a. Individuals with mental or visual impairments who cannot “navigate the system.” Including, recognizing destinations, understanding transfers, and being able to distinguish between vehicles at busy transfer stations. With the exception of assistance provided by the operator or other employees of the service, eligibility under this category is based on a person’s ability to independently use the service.
- b. Any individual with a disability who is unable, as the result of a physical or mental impairment, and without the assistance of another individual to board, ride, or disembark from any vehicle on the system which is readily accessible to and usable by individuals with disabilities.
- c. An individual with a disability who has a specific impairment-related condition which prevents such individual from traveling to a boarding location or from a disembarking location.

The Contractor must be able to identify customers whose needs exceed the level of service provided by public transportation and be able to explain and document the reason for denial of eligibility.

The Contractor must have a network of medical and disability experts available for consultation, if needed, to make a determination.

The Contractor must document and support certification conditions and decisions.

The Contractor must be able to justify any denials of Certification of Eligibility and provide applicants and CATA with a written explanation of the denial.

The Contractor must be able to schedule and facilitate appeal hearings requested as a result of a denial of eligibility.

The Contractor must be able to enter information from the paper application into the computer program used by CATA.

The Contractor must provide all computer hardware and connection to CATA's network to provide access to the certification program.

The Contractor must provide CATA with notification of the status of each Application for Eligibility in the timeframe listed below:

- a. Telephone notification of status must be made within five business days after the Proposer receives the eligibility application from the customer. Entry of client information into the computer program within two weeks of receipt of the Application for Eligibility.
- b. Formal documentation on the application and decision must be returned to CATA no later than three weeks after telephone notification has been made. It is possible that submitting a summary of the applicant information electronically will be required.
- c. The Contractor must notify each applicant in writing of the status of his or her request for certification within twenty-one days of receipt of the eligibility application. CATA will approve the text of that notification and the ADA eligibility Identification cards that are sent to customers who have been determined to be eligible to use ADA Complementary Paratransit Service.

The Contractor must maintain completed Applications for Eligibility in an organized method for the duration of the contract. At the end of the contract period, CATA will assume responsibility for storing the records.

The Contractor must maintain a system of identifying the eligibility period awarded so that customers with a limited certification period may be extended if the need for continued service is determined.

The Contractor must be able to provide customers with information about other CATA fixed route and other demand response services and encourage the use of those services.

The Contractor must understand and be able to explain and support CATA policies related to Spec-Tran when questioned by customers.

The Contractor must be able to communicate with CATA Paratransit staff whenever and as often as necessary. The method of communication may be by telephone, fax, email, letter, or in person.

Proposer must be knowledgeable of and will provide separate pricing for all methods of certification, including but not limited to:

- Professional Verification (current method)
- In Person (can be by phone in some cases)

Proposer will keep a record of the types of Determinations made:

- Unconditional Certification
- Conditional Certification
- Temporary Certification
- Not Eligible

5. CATA Responsibilities

CATA will provide:

- a. Access to appropriate CATA software for application entry
- b. CATA ADA Eligibility Identification Cards
- c. Approval of master copies of correspondence to customers approved by CATA

6. General Requirements

- b. The Contractor shall make immediate phone calls to the CATA Project Manager if any significant problems are encountered.
- c. Progress Reports: The Contractor shall provide monthly written progress memos to CATA's Project Manager with invoices. These reports will identify work accomplished, problems encountered during the past month, methodology and timeline for resolving these problems. Progress Reports shall be provided to the Project Manager by the 10th day of each month. The report can be faxed, mailed or e-mailed to the Project Manager.
- d. Project Reports: The Contractor will provide to the Project Manager the following reports:

 - b. Monthly report of the number of applications received the number of applications evaluated and the number and outcome of the certification review.

7. Deliverables

- b. Monthly project reports including the monthly itemized billing.

8. Transition Plan

This plan will identify the steps the contractor will take to set up their organization to begin this work, describe the process they will use to communicate with customers about how to become certified, the record keeping methods they will deploy, identify the staff who will be performing the certification process, etc.

Contractor shall comply with Federal Regulations relative to nondiscrimination of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, and Title 23, Code of Federal Regulations, Part 710.405(b), as they may be amended from time to time (hereinafter referred to as the Regulations), and with Executive Order 11246 titled Equal Employment opportunity, as amended by Executive Order 11375, and as supplemented by Department of Labor Regulation (41 CFR 60) which are herein incorporated by reference and made a part of this contract. Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. - (b) Nondiscrimination. With regard to the work performed by it during this contract, Contractor shall not discriminate on the grounds of race, color, sex, disability, or national origin in the selection and retention of Subcontractors, including procurement of materials and leases of equipment. Contractor shall not participate either directly or indirectly in discrimination prohibited by Section 21.5 and Part 710.405(b) of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (c) In connection with the performance of services under this contract, Contractor agrees to comply with the State of Michigan provisions for "prohibition of discrimination in state contracts" as set forth in Appendix A dated March 19, 1998, a copy of which is attached hereto and made a part hereof.
- (d) ADA Access. All work performed and all services provided pursuant to this contract shall be in compliance with Federal policy to ensure that elderly individuals and individuals with disabilities have an equal right to use of public transportation services and facilities. The work performed and services provided in this Contract shall be in compliance with all State and Federal statutes and laws ensuring equal access of transportation services and facilities for the elderly and individuals with disabilities, including 49 U.S.C. § 5301(d), § 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, The Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 *et seq.*, and the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 *et seq.*, and any applicable implementing Federal regulations or directives as they may from time to time be promulgated or amended.
- (e) This provision B.1 (a)-(e) will be included in all subcontracts relating to this contract. Further, each contract which Contractor signs with a Subcontractor must include the following assurance:

The Contractor, Subrecipient, or Subcontractor shall not discriminate on the basis of Race, color, national origin, creed, disability, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of US DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.

2. **DBE REQUIREMENTS.** Contractor will carry out the applicable requirements of the Michigan Department of Transportation's Disadvantaged Business Enterprise ("DBE") program and 49 CFR 26, including, but not limited to those requirements set forth in Appendix B, attached hereto and made a part hereof.
3. **CONTINGENT FEES.** The Contractor warrants that it has not employed or retained any company or person, other than a bonafide employee working solely for the Contractor, to solicit or secure this contract and that it has not paid or agreed to pay any company or person, other than a bonafide employee working solely for the Contractor, any fee, commission, percentage, brokerage fee, gifts or any other consideration, contingent upon or resulting from the award or making of this contract. For breach or violation of this warranty, CATA shall have the right to annul this contract without liability.
4. **RECORDS/AUDITS.** The Contractor shall maintain complete and accurate books, documents, papers, accounting records, and other evidence with respect to allowable costs incurred and manpower expended under this contract. All such records shall be maintained on the basis of generally-accepted accounting principles and shall be clearly identified and readily accessible. The Contractor shall provide during regular business hours to the U.S. Secretary of Transportation, the FTA Administrator, the Comptroller General of the United States and CATA, or their duly authorized representatives, access to such data and records, and the right to inspect and audit all data and records of the Contractor relating to its performance under the contract, and to make transcripts therefrom as necessary to allow inspection of all work data, documents, proceedings, and activities related to this contract for a period of three (3) years from the date of final payment under this contract. In the event of a dispute as to allowable costs or any other issue under this contract, Contractor will thereafter continue to maintain such records until the dispute has been resolved.
5. **CONFLICT OF INTEREST.** The Contractor certifies that, to the best of its knowledge, no CATA employee or office of any public agency interested in this contract has any pecuniary interest in the business of the Contractor and that no person associated with the Contractor has any interest that would conflict in any manner or degree with the performance of this contract.
6. **INTEREST OF MEMBER OF CONGRESS OR DELEGATES TO CONGRESS.** No member of Congress or delegates to the Congress of the United States shall be admitted to any share or part of the contract, or to any benefit arising therefrom. This shall not be construed to prevent any such person from owning stock in a publicly owned corporation.
7. **DEBARMENT AND SUSPENSION.** Contractor must comply with U.S. DOT regulations "Nonprocurement Suspension and Debarment", 2 CFR Part 1200, which adopt and supplement the U.S. Office of Management and Budget ("U.S. OMB") "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180. Contractor will not make any contract, subcontract, or lease for the project without first confirming that its proposed contractor, subcontractor, or lessee is not listed as barred in the Excluded Parties Listing System, at <http://epls.gov/>.

Contractor agrees to comply with federal debarment and suspension regulations and guidelines when administering any contract or subcontract of \$25,000 or more, regardless of tier. A contract or subcontract award may not be made to a prospective contractor or subcontractor if that contractor is excluded or disqualified under the standards of the U.S. DOT regulations in the U.S. OMB Guidelines, unless the federal government has provided an exception as permitted under those regulations and guidelines. In addition, contracts of any amount for federally required audit services or for contracts which require the consent of a federal official are also covered by these DOT regulations and U.S. OMB Guidelines. Contractor must obtain the compliance of lower tier contractors, subcontractors, and lessees with the U.S. DOT debarment and suspension regulations and the U.S. OMB Guidelines that apply to them. The Contractor further agrees to include provisions requiring compliance as set forth above in lower tier covered transactions.

8. MDOT AND FTA TERMS. All contractual provisions that the Michigan Department of Transportation ("MDOT") or the Federal Transit Administration ("FTA"), by law or regulation, require to be included in contracts supported by state or federal financial assistance, including the requirements set forth in FTA Circular 4220.1F, as updated and amended, and the Master Agreement between CATA and FTA as it may be amended, are hereby incorporated by reference. FTA required terms and MDOT required terms shall be deemed to control in the event of a conflict with other provisions contained in this contract. Contractor shall not refuse to comply with any CATA request to conform this contract to include MDOT or FTA required contractual provisions. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any CATA requests which would cause CATA to be in violation of the FTA mandated contractual provisions.

Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. - (c) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

APPENDIX A

PROHIBITION OF DISCRIMINATION IN STATE CONTRACTS

In connection with the performance of work under this contract, Contractor agrees as follows:

1. In accordance with Act 453, Public Acts of 1976, Contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or as a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, or marital status. Further, in accordance with Act No. 220, Public Acts of 1976 as amended by Act No. 478, Public Acts of 1980, Contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. A breach of the above covenants shall be regarded as a material breach of this contract.
2. Contractor hereby agrees that any and all subcontracts to this contract, whereby a portion of the work set forth in this contract is to be performed, shall contain a covenant the same as hereinabove set forth in Section 1 of this Appendix.
3. Contractor will take affirmative action to insure that applicants for employment and employees are treated without regard to their race, color, religion, national origin, age, sex, height, weight, marital status or a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer, recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
4. Contractor will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, age, sex, height, weight, marital status or disability that is unrelated to the individual's ability to perform the duties of a particular job or position.
5. Contractor or its collective bargaining representative will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the said labor union or workers' representative of the Contractor's commitments under this appendix.
6. Contractor will comply with all relevant published rules, regulations, directives, and orders of the Michigan Civil Rights Commission which may be in effect prior to the taking of bids for any individual state project.
7. Contractor will furnish and file compliance reports within such time and upon such forms as provided by the Michigan Civil Rights Commission, said forms may also elicit information as to the practices, policies, program, and employment statistics of each subcontractor as well as Contractor itself, and said Contractor will permit access to its books, records, and accounts by the Michigan Civil Rights Commission and/or its agent, for purposes of investigation to ascertain compliance with this contract and relevant with rules, regulations, and orders of the Michigan Civil Rights Commission.
8. In the event that the Civil Rights Commission finds, after a hearing held pursuant to its rules, that Contractor has not complied with the contractual obligations under this Agreement, the Civil Rights Commission may, as part of its order based upon such findings, certify said findings to the Administrative Board of the State of Michigan, which Administrative Board may order the cancellation of the contract found to have been violated and/or declare Contractor ineligible for future contracts with the state and its political and civil subdivisions, departments, and officers, and including the governing boards of institutions of higher education, until Contractor complies with said order of the Civil Rights Commission. Notice of said declaration of future ineligibility may be given to any or all of the persons with whom Contractor is declared ineligible to contract as a contracting party in future contracts. In any case before the Civil Rights Commission in which cancellation of an existing contract is a possibility, the contracting agency shall be notified of such possible remedy and shall be given the option by the Civil Rights Commission to participate in such proceedings.
9. Contractor will include, or incorporate by reference, the provisions of the foregoing paragraphs (1) through (8) in every subcontract or purchase order unless exempted by the rules, regulations or orders of the Michigan Civil Rights Commission, and will provide in every subcontract or purchase order that said provisions will be binding upon each subcontractor or seller.
