I-K Proposal Requirements

Proposing firms/organizations shall include a detailed proposal. Emphasis should be on completeness and clarity of content.

Cover letter

The proposal must include a cover letter which identifies the proposing firm/organization, mailing address, contact person, email address and telephone number. The cover letter must be signed by the individual who is authorized to negotiate and execute a contract on behalf of the proposing firm/organization.

Price

The price proposal must include the cost for services described herein. Proposed costs must be submitted on the enclosed Pricing Form (*See Attachment D*). Firm shall give these costs for each year of the five (5) year contract.

Qualifications of firm/organization

The proposal must include the resumes of key individuals from the responding organization to be assigned to CATA.

References

The proposal lists three (3) company references that will confirm vendor's capability to successfully complete the scope of work within the last five (5) years. Firm is requested to provide a list of contracts that are similar to CATA. CATA reserves the right to contact any or all of the listed references (*See Attachment C*).

I-L Acceptance of Proposal Content

The contents of this RFP, its attachments, and the proposal will become contractual obligations if a contract ensues. Failure of the successful respondent to accept these obligations may result in elimination of the respondent from the selection process. CATA further reserves the right to interview the key personnel assigned by the successful respondent to this project and to recommend reassignment of personnel deemed unsatisfactory by CATA.

I-M Economy of Presentation

Each proposal should be prepared simply and economically, providing a straightforward, concise description of the respondents' ability to meet the requirements and objectives of this RFP. Emphasis should be on completeness and clarity of content.

I-N Primary Contractor Responsibilities

The selected contractor(s) (Primary Contractor) will be required to assume responsibility for all services offered in its proposal whether or not the contractor performs them. Further, CATA will consider the selected respondent to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.

If any part of the work is to be subcontracted: All subcontracted work to which costs will be passed through CATA or outside services must comply with CATA's procurement procedures. All bidding summary sheets must be attached to subcontractor receipts/invoices and sent to CATA. Any sole-source awards must be documented, and this documentation must be attached to the invoice submitted to CATA.

The primary contractor is responsible for adherence by the subcontractors to all provisions of the contract. CATA must review and approve, in writing, all subcontractors. All subcontractors must be included in the initial proposal with descriptions of the firm's qualifications and the qualifications of the key individuals assigned to this project. The primary contractor is responsible for any subcontractor's project quality and performance in meeting deadlines.

I-O Other Duties Assigned by CATA

Because of the nature of this project, CATA is unable to determine all possible work components and tasks to be completed. The Contractor may be asked to provide additional services not outlined in this RFP. When additional duties beyond those outlined in this RFP and in the Contractor's proposal are identified, CATA and the contractor will discuss the contractor's ability to complete this work. If CATA determines the contractor should conduct the additional work, the contractor will provide a Request for a Task Order describing the work to be done and all associated costs. A written task order will then be issued by CATA.

I-P Selection Criteria

Responses to this RFP will be evaluated based upon the following factors as presented in the respondents' proposal. The criteria used to evaluate the proposals are provided below and are listed in order of importance. Therefore, the contract may be awarded to a firm which is not necessarily the low bidder.

1. Project understanding and approach
 - The proposal should include a detailed work plan describing how you intend to provide the services outlined in the scope of work, including the understanding of ADA regulations and the ADA eligibility process.
 - Describe the technical approach to be taken for the work required.
 - The contractor will present in their proposal a description of the transition plan to begin the work under this scope of work, including a schedule.
 - Website online application capability.

3. Price/Cost
 - The proposal clearly defines the prices.
 - The pricing form is completed accurately.
4. Experience of the Firm with Similar Projects
 - The proposal lists three (3) company references that will illustrate the respondent's past record of performance on similar projects.
 - The proposal demonstrates relevant experience and expertise as stated in the scope of work.
5. Completeness and Responsiveness of Proposal to RFP
 - Proposer has met all submittal requirements.
 - The proposal is thorough, visual and easily understandable.

Overall evaluation of the proposal and the vendor, including with respect to vendor, satisfactory references, legal status and compliance, experience with other projects and procurements, and other matters of concern.

CATA will constitute an ad hoc committee to evaluate all proposals. The firm(s) determined to be the most highly qualified based on the submitted proposal and any oral presentation may be asked to enter final negotiations. If the most qualified firm is unable to reach agreement with CATA, then the next most qualified firm will be considered for award, and so on.

CATA will evaluate proposal criteria on a best value basis which considers both price and the above technical factors to determine the offer that is most advantageous and presents CATA with the best overall value.

The cost basis for the proposal will be used to evaluate the price proposal. Price will be evaluated in comparison to the above technical factors in the group.

Respondents may be required to update their proposals in writing if clarification or additional information is needed. Inquiries may be made of Respondents concerning their proposals. At any time during this process, CATA reserves the right to re-bid, award, or cancel the project, as CATA determines.

I-Q Oral Presentation

Not Applicable.

I-R Independent Price Determination

By submission of a proposal, the respondent certifies or, in the case of a joint proposal, each party thereto certifies as to its own organization, in connection with this proposal:

- The prices in the proposal have been determined independently and without consultation, communication, or agreement for the purpose of restricting competition as to any matter relating to such prices with any other respondent or with any competitor.
- Unless otherwise required by law, the prices that have been quoted in the proposal have not been knowingly disclosed by the respondent prior to award directly or indirectly to any other respondent or to any competitor.
- No attempt has been made or will be made by the respondent to induce any other persons or firm to submit or not submit a proposal for the purpose of restricting competition.

Each person signing the proposal certifies that she/he:

- Is the person in the respondent's organization responsible within that organization for the decision as to the prices being offered in the proposal and has not participated (and will not participate) in any action contrary to the requirements indicated in the bullets above.

or

- Is not the person within the respondent's organization responsible for the decisions as to the pricing being offered in the proposal but has been authorized, in writing, to act as an agent for the persons responsible for such a decision and certifying that such persons have not participated (and will not participate) in any action contrary to the requirements indicated in the bullets above.

I-S Pricing and Payment

The Contractor shall submit a proper invoice to the address shown below. CATA reserves the right to return an invoice which is incomplete.

Invoices will be paid within 30 days from receipt of a proper invoice.

The invoice must contain the following information:

1. Invoice number
2. Time period covered by Invoice
3. Description of work completed

The Project Leader or designee will provide individual project budgets before any work is authorized to begin. The Contractor must keep project costs within that amount unless the Project Leader agrees to a change before costs are incurred. The vendor must list specific CATA-budgeted projects and activities for each item/service charged to CATA on invoices.

Agency invoices and subcontractor receipts/invoices should clearly show that no mark-up costs, commissions or sales taxes were incurred. CATA will not pay mark-up or tax on any outside services which are obtained by the Contractor on CATA's behalf. CATA will pay for outside services directly to avoid any mark-up or sales tax.

SECTION II: STATEMENT OF WORK

II-A Background

The Capital Area Transportation Authority (CATA) is a public transit authority that operates public transportation bus and paratransit services across metropolitan Lansing, Michigan. CATA's mission-critical employees, such as bus operators, Customer Experience Representatives and Paratransit Schedulers are considered first responders because transit is designated as an essential service in times of crisis. CATA plays a pivotal role in providing essential transportation services to all riders within our service area including students in secondary and post-secondary education, senior citizens, persons with disabilities and marginalized individuals within our community.

CATA's service area includes all 559 square miles of Ingham County and extends into portions of Eaton County and Clinton County. CATA also provides public transit services on the campus of Michigan State University, and to and from Lansing School District high schools. CATA was founded in 1972 and reported 8.85 million trips in fiscal 2024.

CATA's chief executive officer also serves as executive director at Eaton County Transportation Authority, which aligns with its strategic goal to achieve regional mobility. CATA and EATRAN have interlocal agreements in place to provide coordinated cross-boundary transportation services. Additionally, in fiscal 2024 and 2025, CATA made further strides toward regional mobility by implementing contactless payment and microtransit services.

As the region's public transportation provider, CATA occupies or conducts business at five facilities in its service area. Headquartered in south Lansing, the administration building is home to the executive office, all administrative departments and the bus storage facility, which houses CATA's directly operated fleet, maintenance and operations. The CATA Transportation Center (CTC), located in downtown Lansing, is the central boarding hub and transfer point for 16 CATA routes, regional transit and intercity bus services, the customer information center and on-site security.

On MSU's campus, the MSU-CATA Transportation Center (MSU-CTC) is the main boarding center for CATA routes serving MSU and is adjacent to one of several campus parking ramps. CATA also serves Ramp 5, located on Red Cedar, adjacent to the College of Communication Arts and Sciences building. As the region's primary multimodal transportation facility, the Capital Area Multimodal Gateway opened in November 2015. The Gateway offers seamless access to rail, intercity, regional and national bus lines, and transportation network companies (Uber, Lyft and taxicab services). The Gateway is served by three CATA fixed routes.

CATA currently utilizes one third-party contractor under a multi-year agreement to operate a portion of its paratransit operations.

CATA recently purchased property in downtown Lansing to develop a new mixed-use facility that will bring together public services and community resources in addition to addressing CATA's administrative space constraints.

II-B Objectives

The specific objective for this Project is to secure the services of one Contractor to deliver one or both ADA Spec-Tran and Supplemental Paratransit Services that provide:

- Prompt courteous service to CATA customers, including those who are ADA certified.
- Hire and maintain an active work force large enough to cover all runs.
- Provide office and street management and supervision.
- Create and schedule runs efficiently.
- Maintain and improve CATA efficiencies.
- Dispatch all activities related to trips booked on Contractor's runs.
- Hire and maintain an active, trained, knowledgeable, and experienced maintenance workforce.
- Maintain and perform routine service on all vehicles.
- Maintain accurate fare counts, passenger counts, and all other required reporting.
- Comply with all state and federal requirements.

II-C Scope of Work

Customers of CATA Spec-Tran service must be certified as eligible to use the service due to a disability that prevents them from using CATA fixed route service in whole or in part. Certifications are made using the ADA guidelines.

The ADA states that each public entity required to provide complementary paratransit service will establish a process that “shall strictly limit ADA paratransit eligibility” to individuals who meet the criteria outlined under the ADA.

Proposers must demonstrate a firm knowledge of ADA regulations and eligibility requirements for ADA Complementary Paratransit Service. Eligibility for ADA paratransit service is ultimately based upon functional considerations and it is useful to consider eligibility in terms of specific “tests.” An analysis of these tests can then be used to determine whether or not an individual’s eligibility for a paratransit service is general or applies only to certain conditions or trip requests.

Proposers must be experienced and skilled in working with people who have disabilities. The term “disability” is defined to include any physical or mental impairment that substantially limits one or more major life activities, a record of such an impairment, or being regarded as having such impairment.

“Major life activities” include caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

Only a specific impairment-related condition which prevents the individual from traveling to a boarding location or from a disembarking location is a basis for eligibility under this paragraph from the ADA regulation.

- a. Individuals with mental or visual impairments who cannot “navigate the system.” Including, recognizing destinations, understanding transfers, and being able to distinguish between vehicles at busy transfer stations. With the exception of assistance provided by the operator or other employees of the service, eligibility under this category is based on a person’s ability to independently use the service.
- b. Any individual with a disability who is unable, as the result of a physical or mental impairment, and without the assistance of another individual to board, ride, or disembark from any vehicle on the system which is readily accessible to and usable by individuals with disabilities.
- c. An individual with a disability who has a specific impairment-related condition which prevents such individual from traveling to a boarding location or from a disembarking location.

During the most recently completed fiscal year, CATA received 1,229 applications for ADA certification and issued 1,229 determinations. The following table provides some background information on CATA’S certification data:

To the fullest extent permitted by law, Contractor hereby waives any and all claims against CATA and agrees not to hold CATA liable for any damages including, but not limited to, personal injury or property damage incurred by Contractor or its employees while performing services under the contract.

21. CATA will not be subject to any obligations or liabilities by Subcontractors of the Contractor or their Subcontractors or any other person not a party to this contract without its specific consent and notwithstanding its concurrence in or approval of the award of any contract or subcontract or the solicitation thereof.
22. **ACCEPTANCE OF MATERIAL - NO RELEASE.** Unless CATA otherwise agrees in writing, acceptance of any portion of the material prior to final acceptance shall not release the Contractor from liability for faulty workmanship or materials or for failure to fully comply with all of the terms of this contract. CATA reserves the right and shall be at liberty to inspect all materials and workmanship at any time during the manufacturing process, and shall have the right to reject all materials and workmanship which do not conform with the contract requirements and specifications; provided, however, that CATA is under no duty to make such inspection and no inspection so made shall relieve Contractor from any obligation to furnish materials and workmanship in accordance with the contract requirements and specifications.
23. **FINAL ACCEPTANCE.** All services performed by Contractor under the contract are subject to review and approval of CATA for completeness and fulfillment of the requirements of the contract. CATA's review, approval, or payment for any services shall never be construed to operate as a waiver of any rights under the contract, and Contractor shall be and will remain liable in accordance with applicable law for all damages to CATA caused by Contractor's negligent performance or nonperformance of any services furnished under the contract or any representations made under or in performance of the contract. Final undisputed payment for services or equipment under the contract shall commence the warranty period.
24. **NO ASSIGNMENT OF CONTRACT.** The contract is only with Contractor and may not be assigned by Contractor to any other person or entity without CATA's written consent. If the Contractor fails to comply with such written notice, then CATA, upon written notice to the Contractor, shall deduct the cost of repair, replacement or correction of defective or damaged work from the compensation due or to become due to the Contractor, or terminate the contract in its sole discretion.
26. **WAIVER.** No failure by CATA to insist upon the strict performance of any covenant, duty, obligation, agreement, or condition of the contract or to exercise any right or remedy consequent upon a breach thereof shall constitute waiver of any such breach of any other covenant, duty, obligation, agreement, or condition. Neither the assessment of liquidated damages or penalties nor any failure to assess liquidated damages or penalties shall be construed to waive or excuse performance requirements or any rights CATA has to damages or penalties under the contract
27. **CONFIDENTIALITY AND OWNERSHIP OF DATA AND DOCUMENTS.**
 - (a) All original documents, calculations, and work product produced by Contractor, whether produced on paper or electronic media or otherwise in performance of the contract, and all data gathered through provision of services shall be the sole and exclusive property of CATA.  - (b) To the extent that by operation of law Contractor retains any intellectual property rights to any work product, Contractor hereby irrevocably assigns and licenses to CATA all right, title, and interest in such work product, including copyrights and patents, and agrees to execute such assignments and licenses as may be required in the opinion of CATA's legal counsel to confirm this provision.
 - (c) To the extent that the work product produced by Contractor contains standard design or construction details or other standardized material previously developed by Contractor in its professional practice, then Contractor shall have the right to reuse any such material on other projects for other clients or persons without the prior knowledge or permission of CATA and without the payment of any compensation to CATA, provided that the reuse or continued use of such material contains no CATA identifying information or confidential information.
 - (d) In order that the Contractor may effectively fulfill its obligations under the contract, it may be necessary or desirable for CATA to disclose confidential and/or proprietary information to the Contractor. Since it is difficult to separate confidential and proprietary information from that which is not, the Contractor shall regard, and shall instruct its employees to regard, all information gained from CATA as confidential and such information shall not be disclosed to any organization or individual without court order or the prior written consent of CATA. With respect to a subpoena, court order or other legal process, Contractor shall notify CATA of the demand for information before responding, and shall comply with this provision to the extent practicable. The above obligation shall not apply to information already in the public

(1) Depending on the nature of the Underlying Agreement, the Federal Government may acquire patent rights when the Contractor produces a patented or patentable invention, improvement, or discovery; (2) The Federal Government's rights arise when the patent or patentable information is conceived or reduced to practice with federal assistance provided through the Underlying Agreement; or (3) When a patent is issued or patented information becomes available as described in the preceding section 17(a)(2) of this Master Agreement, the Contractor will notify FTA immediately and provide a detailed report satisfactory to FTA.
 - b. Federal Rights. Contractor agrees that: (1) Its rights and responsibilities in that federally assisted invention, improvement, or discovery will be determined as provided in applicable federal laws, regulations, requirements, and guidance, including any waiver thereof; and (2) Unless the Federal Government determines otherwise in writing, irrespective of its status or the status of Contractor as a large business, small business, state government, state instrumentality, local government, Indian tribe, nonprofit organization, institution of higher education, or individual, the Contractor will transmit the Federal Government's patent rights to FTA, as specified in 35 U.S.C. § 200, et seq., and U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 CFR Part 401.
 - c. License Fees and Royalties. Consistent with the applicable U.S. DOT Common Rules, the Contractor agrees that license fees and royalties for patents, patent applications, and inventions produced with federal assistance provided through the Underlying Agreement are program income, and must be used in compliance with applicable federal requirements.

28. COMPUTATION OF TIME. In computing a period of time prescribed by these conditions, the following rules apply:

- (a) "Day" means days of the week (e.g., Monday through Friday), not business days.
- (b) The day of the act or event after which the designated period of time begins is not included.
- (c) The last day of the period is included, unless it is a Saturday, Sunday, or legal holiday. In that event, the period runs until the end of the next day that is not a Saturday, Sunday or legal holiday.

31. TRAVEL EXPENSES. CATA shall not reimburse Contractor for travel costs, including accommodations, meals, transportation and fuel costs, unless the travel activity and the travel costs have been approved in advance by an authorized representative of CATA. All travel costs to be paid by CATA shall not exceed amounts determined in conformance with the Federal Acquisition Regulation, 48 CFR Section 31.205-46, Travel Costs.

32. EXTENSION. CATA has the right, in its sole discretion, to extend the term of the contract beyond the term and subsequent options outlined in the contract. Any such extension after the options outlined above must be in writing and upon terms mutually agreed between CATA and Contractor.

33. TIME IS OF THE ESSENCE. Contractor agrees time is of the essence in the performance of the contract. Failure to perform as required may, in CATA's sole discretion, be declared a material breach of contract.

34. CONTRACTOR EMPLOYEES. Contractor warrants and represents that its employees who will perform work under the contract are properly educated, trained and/or licensed to perform the services under the contract. Contractor shall perform all its obligations under the contract without the use of a subcontractor, unless CATA grants express written approval for the use of a subcontractor before such services are performed. Approval of a subcontractor is in CATA's sole discretion and is not required under any circumstance. In the event any such subcontractor is approved, Contractor's invoices and subcontractor receipts/invoices should clearly show that no mark-up costs, commissions or sales taxes were incurred. CATA will not pay mark-up or tax on any outside services which are obtained by Contractor.

35. INDEPENDENT CONTRACTOR. Contractor's relationship to CATA is independent-contractor-to-client. None of Contractor's personnel are employees of CATA, and CATA is not a partner of Contractor. Contractor expressly acknowledges and agrees that it and its employees are not and will not for any purposes be considered employees, agents, or representatives of CATA. Contractor shall be responsible for any and all taxes, worker's compensation insurance, and any other work-related expenses, including but not limited to work performed under contract for CATA. Contractor shall be solely responsible for the actions of its employees and/or contractors and agrees to fully defend, indemnify, and hold CATA harmless, without reservation for any claims or causes of action which arise as a result of their actions.

36. MEDIA CONTACT AND RELEASES. Contractor will not issue any public announcement or media release of any kind regarding the contract, the services performed or additional services or projects which relate to the contract, or any incident that occurs while performing services under the

contract without the prior written approval of CATA, and then only to the extent of and in accordance with instructions given with such approval. CATA will be responsible for providing all public information materials on the services performed under the contract.

37. **INVOICING.** CATA shall not incur any expense until and only to the extent that services are provided by Contractor and such services are properly invoiced. If Contractor satisfactorily performs the required work under the contract. CATA will pay Contractor for the work performed as outlined in the Proposal, if the same is properly invoiced. Contractor is responsible to submit a complete, proper, and timely invoice to CATA for any orders under the contract. Failure to do so will relieve CATA of the obligation to pay. Each invoice must include invoice number, time period covered by the invoice, description of work completed, contact person and phone number, and payment remit address. CATA will pay each undisputed invoice within 30 days after receipt if that invoice meets the itemization and other requirements described in the contract. CATA may withhold from one or more invoices all amounts disputed in reasonable detail by CATA within 90 days of the date of invoice. Payment does not waive claims that CATA may have against Contractor. Contractor must continue to provide services regardless of any fee, price, or charge dispute.
38. **INTERPRETATION.**
- (a) References to laws, documents and other written materials include amendments that may be made from time to time.
 - (b) References to days mean calendar days. Any deadline or end of any time period that does not fall on a business day extends through the next business day. Business day means any calendar day other than a Saturday, Sunday or other day on which financial institutions close.
 - (c) If any provision of these General Terms and Conditions conflicts with a provision required by law or contract, including, but not limited to those mandated by MDOT, FTA, US DOT, or other mandatory provision, the mandatory provision shall prevail.
39. **RISK OF LOSS.** Until final acceptance, title and risk of loss or damage to any materials remains with Contractor. Contractor is responsible for filing, processing, and collecting all damage claims. CATA will record and report to Contractor any evidence of visible damage. If the CATA rejects any equipment or materials, Contractor must remove them from the premises within 10 calendar days after notification of rejection. The risk of loss of rejected or non-conforming equipment or materials remains with Contractor. Rejected equipment or materials not removed by Contractor within 10 calendar days will be deemed abandoned by Contractor, and CATA will have the right to dispose of it as its own property. Contractor must reimburse CATA for costs and expenses incurred in storing or effecting removal or disposition of rejected equipment or materials.
40. **SURVIVAL.** The provisions of the contract that impose continuing obligations, including warranties and representations, termination, transition, insurance coverage, indemnification, and confidentiality, will survive the expiration or termination of the contract.
41. **DISCLOSURE.** Contractor specifically and expressly understands that CATA is subject to public disclosures including the Freedom of Information Act and as such the contents of any contract with CATA, any information Contractor provides to CATA, payments made to Contractor, etc. may be disclosed by CATA without any prior notice to Contractor.
42. **COMPLIANCE WITH GRANT TERMS.** Contractor understands and agrees that CATA's funding to pay Contractor compensation for the contract may come from grant dollars or funding sources that have terms which need to be met. Contractor agrees that upon notification by CATA of these terms, Contractor will conduct itself in accordance with and abide by any such terms, without condition, to ensure CATA does not lose the funding source.
- a. Contractor agrees that the Federal Government may suspend, suspend then terminate, or terminate all or any part of the federal assistance for the Award if: (1) CATA or Contractor has failed to make reasonable progress implementing the Award; (2) The Federal Government determines that continuing to provide federal assistance to support the Award does not adequately serve the purposes of the law authorizing the Award; or (3) CATA or Contractor has violated the terms of the Underlying Agreement, especially if that violation would endanger substantial performance of the Underlying Agreement.
 - b. **Financial Implications.** In general, termination of federal assistance for the Award will not invalidate obligations properly incurred before the termination date to the extent that those obligations cannot be canceled. The Federal Government may recover the federal assistance it has provided for the Award, including the federal assistance for obligations properly incurred before the termination date, if it determines that CATA or Contractor has misused its federal assistance by failing to make adequate progress, failing to make appropriate use of the Project property, or failing to comply with the Underlying Agreement, and require CATA or Contractor to refund the entire amount or a lesser amount, as the Federal Government may determine including obligations properly incurred before the termination date.
 - c. **Expiration of the Period of Performance.** Except for a Full Funding Grant Agreement, expiration of any period of performance established for the Award does not, by itself, constitute an expiration or termination of the Award; FTA may extend the period of performance to assure that each Formula Project or related activities and each Project or related activities funded with "no year" funds can receive FTA assistance to the extent FTA deems appropriate.
 - d. **Uniform Administrative Requirements.** These termination rights are in addition to and in no way limit the Federal Government's rights to terminate described in 2 CFR § 200.340.
43. **MDOT AND FTA TERMS.** All contractual provisions that the Michigan Department of Transportation ("MDOT"), the Federal Transit Administration ("FTA"), and/or the US Department of Transportation ("US DOT") by law or regulation, require to be included in contracts supported by state or federal financial assistance, including the requirements set forth in FTA Circular 4220.1 and the Clause Matrix (last updated September 2023), as updated and amended, and the Master Agreement between CATA and FTA and the Master Agreement between CATA and MDOT as it may be amended, all of which are hereby incorporated by reference. FTA required terms and MDOT required terms shall be deemed to control in the event of a conflict with other provisions contained in this contract. Contractor shall not refuse to comply with any CATA request to conform this contract to

include MDOT or FTA required contractual provisions. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any CATA requests which would cause CATA to be in violation of the mandated contractual provisions.

44. ETHICS. Contractor agrees it has or it will establish and maintain written Standards of Conduct covering conflicts of interest that:
- (1) Apply to the following individuals who have a present or potential financial interest, or other significant interest, such as a present or potential employment interest in the selection, award, or administration of a third party contract or subcontract: (i) The Recipient or its Subrecipients' officers, employees, board members, or agents engaged in the selection, award, or administration of any third party agreement; (ii) The immediate family members or partners of those listed above in section 4(a)(1)(i) of this Master Agreement; and (iii) An entity or organization that employs or is about to employ any person that has a relationship with the Recipient or its Subrecipient listed above in sections 4(a)(1)(i) and (ii) of this Master Agreement;
 - (2) Prohibit those individuals listed above from: (i) Engaging in any activities involving the Recipient's or any of its Subrecipients' present or potential Third Party Participants at any tier, including selection, award, or administration of a third party agreement in which the individual has a present or potential financial or other significant interest; and (ii) Accepting a gratuity, favor, or anything of monetary value from a present or potential Third Party Participant in the Recipient's Underlying Agreement, unless the gift is unsolicited and has an insubstantial financial or nominal intrinsic value; and
 - (3) Establish penalties, sanctions, or other disciplinary actions for violations, as permitted by state or local law or regulations, that apply to those individuals listed above for violations.
45. CHANGE IN CONTROL. Contractor will notify CATA within 30 days of any public announcement or otherwise once legally permitted to do so, of a material change in Contractor's organizational structure or ownership. For purposes of the contract, a material change in control means any of the following: (a) a sale of more than 50% of Contractor's stock; (b) a sale of substantially all of Contractor's assets; (c) a change in a majority of Contractor's board members; (d) consummation of a merger or consolidation of Contractor with any other entity; (e) a change in ownership through a transaction or series of transactions; (f) or the board (or the stockholders) approves a plan of complete liquidation. A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes. In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract. If CATA is not satisfied for any reason with the new control, CATA has the option to terminate the contract.
46. CHANGE IN CIRCUMSTANCES. Contractor agrees that changed circumstances may occur that may impact CATA's ability to comply with the FTA terms and conditions such as: (i) A change in federal requirements or guidance; (ii) A change in state, territorial, local, or tribal requirements; (iii) A change in CATA or Contractor's circumstances, including: (A) Its legal, financial, technical, or managerial capacity; (B) Its continuing control of Project property; or (C) Another similar situation; and (iv) Any current or prospective legal matter with potentially serious consequences, including a major dispute, default, breach, or litigation, or knowledge that the Contractor's principal, official, employee, agent, or another third party, or other person has submitted a false claim under the False Claims Act, 31 U.S.C. § 3729, et seq., or has committed a criminal or civil violation of law pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving federal assistance; suspension, debarment, or other similar administrative or enforcement action against CATA or the Contractor; or any matter or situation, including any other change or legal action that may adversely affect the Federal Government's interest in a Project or related activities. In the circumstances described above, Contractor agrees to provide immediate written notice to CATA so it can provide appropriate notice to the interested parties.
47. DEBARMENT AND SUSPENSION. Contractor warrants and represents that if required to do so by law it complies with federal debarment and suspension requirements and reviews the SAM at <https://www.sam.gov>, if necessary to comply with US DOT regulations, 2 CFR Part 1200.
48. NOTICE OF DISPUTES, BREACHES, DEFAULTS, AND LITIGATION. If a current or prospective legal matter that may affect CATA or the federal government emerges, the Contractor must notify CATA. The Contractor must include a similar notification requirement in each of its subcontracts for twenty-five thousand dollars (\$25,000) or more.
- (a) Legal disputes that require notification under this provision include, but are not limited to, a major dispute, breach, default, litigation, or naming CATA or naming the federal government as a party to litigation or a legal disagreement in any forum for any reason.
 - (b) Matters that may affect the federal government (and thereby CATA) include, but are not limited to, the or the federal government's interests in the award, the accompanying underlying agreement, and any amendments thereto, or the federal government's administration or enforcement of federal laws, regulations, and requirements.
 - (c) Additional notice to U.S. DOT Inspector General. The Contractor must promptly notify the U.S. DOT Inspector General in addition to the FTA chief counsel or regional counsel for FTA's appropriate region, if the Contractor has knowledge of potential fraud, waste, or abuse occurring on a project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the false claims act, 31 U.S.C. § 3729, et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bid rigging, misappropriation or embezzlement, bribery, gratuity, or similar misconduct involving federal assistance. This responsibility occurs whether the project is the subject of this contract, another contract funded by the FTA, or an agreement involving a principal, officer, employee, or agent of the Contractor. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Contractor. In this paragraph, "promptly" means to refer information without delay and without change.
49. EQUAL EMPLOYMENT OPPORTUNITY. Contractor agrees to, and assures that each of its employees, agents, or subcontractors will, prohibit discrimination based on race, color, religion, sex, sexual orientation, gender identity, or national origin, and: (i) Comply with Title VII of the Civil Rights

- (f) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

- (b) Contractor agrees that it and each of its employees, agents, and subcontractors must not discriminate based on race, color, national origin, or sex in the award and performance of any FTA or U.S. DOT-assisted subagreement, third party contract, and third party subcontract, as applicable, and the administration of its DBE program or the requirements of 49 CFR Part 26.

The Contractor shall also provide during regular business hours to the U.S. Secretary of Transportation, the FTA Administrator, the Comptroller General of the United States, or their duly authorized representatives, and any representatives from MDOT, access to such data and records, and the right to inspect and audit all data and records of the Contractor relating to its performance under the contract, and to make transcripts therefrom as necessary. Unless a longer period is required by law or other provision of these Standard Terms and Conditions, Contractor shall retain all work data, documents, proceedings, and activities related to this contract for a period of three (3) years from the date of final payment under this contract or from expiration or other termination of this contract. In the event of a dispute as to allowable costs or any other issue under this contract, Contractor will thereafter continue to maintain such records until the dispute has been resolved.

55. INTEREST OF MEMBER OF CONGRESS OR DELEGATES TO CONGRESS. No member of Congress or delegates to the Congress of the United States shall be admitted to any share or part of the contract, or to any benefit arising therefrom. Contractor certifies as follows: The certification in this clause is a material representation of fact relied upon by CATA. If it is later determined by CATA that Contractor knowingly rendered an erroneous certification, in addition to remedies available to the CATA, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200. Contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Contractor shall not, by action or by inaction, cause CATA to be in violation of FTA regulations, policies, terms, procedures, or directives. Contractor's failure to comply with this paragraph shall constitute a material breach of this contract.
60. **STATE CHANGES.** Contractor shall at all times comply with all applicable MDOT regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between CATA and MDOT, as they may be amended or promulgated from time to time during the term of this contract. Contractor shall not, by action or by inaction, cause CATA to be in violation of MDOT regulations, policies, terms, procedures, or directives. Contractor's failure to comply with this paragraph shall constitute a material breach of this contract.
61. **NO GOVERNMENT OBLIGATION.** Notwithstanding any concurrence by the Federal Government or MDOT in, or approval of, the solicitation or award of the contract, absent the express written consent by the Federal Government or by MDOT, neither the Federal Government nor the State of Michigan is a party to the contract, and neither shall be subject to any obligations or liabilities to CATA, the Contractor or any other party (whether or not a party to the contract) pertaining to any matter resulting from the contract. The Contractor agrees to include this clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a United States Flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

APPENDIX B

PROHIBITION OF DISCRIMINATION IN STATE CONTRACTS

In connection with the performance of work under this contract, Contractor agrees as follows:

1. In accordance with Act 453, Public Acts of 1976, Contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or as a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, or marital status. Further, in accordance with Act No. 220, Public Acts of 1976 as amended by Act No. 478, Public Acts of 1980, Contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. A breach of the above covenants shall be regarded as a material breach of this contract.
2. Contractor hereby agrees that any and all subcontracts to this contract, whereby a portion of the work set forth in this contract is to be performed, shall contain a covenant the same as hereinabove set forth in Section 1 of this Appendix.
3. Contractor will take affirmative action to insure that applicants for employment and employees are treated without regard to their race, color, religion, national origin, age, sex, height, weight, marital status or a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer, recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
4. Contractor will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, age, sex, height, weight, marital status or disability that is unrelated to the individual's ability to perform the duties of a particular job or position.
5. Contractor or its collective bargaining representative will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the said labor union or workers' representative of the Contractor's commitments under this appendix.
6. Contractor will comply with all relevant published rules, regulations, directives, and orders of the Michigan Civil Rights Commission which may be in effect prior to the taking of bids for any individual state project.
7. Contractor will furnish and file compliance reports within such time and upon such forms as provided by the Michigan Civil Rights Commission, said forms may also elicit information as to the practices, policies, program, and employment statistics of each subcontractor as well as Contractor itself, and said Contractor will permit access to its books, records, and accounts by the Michigan Civil Rights Commission and/or its agent, for purposes of investigation to ascertain compliance with this contract and relevant with rules, regulations, and orders of the Michigan Civil Rights Commission.
8. In the event that the Civil Rights Commission finds, after a hearing held pursuant to its rules, that Contractor has not complied with the contractual obligations under this Agreement, the Civil Rights Commission may, as part of its order based upon such findings, certify said findings to the Administrative Board of the State of Michigan, which Administrative Board may order the cancellation of the contract found to have been violated and/or declare Contractor ineligible for future contracts with the state and its political and civil subdivisions, departments, and officers, and including the governing boards of institutions of higher education, until Contractor complies with said order of the Civil Rights Commission. Notice of said declaration of future ineligibility may be given to any or all of the persons with whom Contractor is declared ineligible to contract as a contracting party in future contracts. In any case before the Civil Rights Commission in which cancellation of an existing contract is a possibility, the contracting agency shall be notified of such possible remedy and shall be given the option by the Civil Rights Commission to participate in such proceedings.
9. Contractor will include, or incorporate by reference, the provisions of the foregoing paragraphs (1) through (8) in every subcontract or purchase order unless exempted by the rules, regulations or orders of the Michigan Civil Rights Commission, and will provide in every subcontract or purchase order that said provisions will be binding upon each subcontractor or seller.

The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions,

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings, including sanctions for noncompliance.

APPENDIX D

CATA Board Policy No. 204

DISADVANTAGED BUSINESS ENTERPRISE POLICY

The Capital Area Transportation Authority (CATA) has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. CATA has received Federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, CATA has signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of CATA to ensure that DBEs are defined in part 26, have an equal opportunity to receive and participate in DOT-assisted contracts. It is also our policy:

1. To ensure nondiscrimination in the award and administration of DOT - assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for DOT - assisted contracts;
3. To ensure that the DBE Program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs;
5. To help remove barriers to the participation of DBEs in DOT-assisted contracts;
6. To assist the development of firms that can compete successfully in the market place outside the DBE Program.

The Purchasing and Contracts Manager has been delegated as the DBE Liaison Officer. In that capacity, the Purchasing and Contracts Manager is responsible for implementing all aspects of the DBE program. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by CATA in its financial assistance agreements with the Department of Transportation.

CATA has disseminated this policy statement to the Board of Directors and all of the components of our organization. We have distributed this statement to DBE and non-DBE business communities that perform work for us on DOT-assisted contracts. CATA will give public notice of DBE goals, how the goals were determined, and contact information for public comment.

Spec-Tran ADA Paratransit Application

Spec-Tran provides curb-to-curb public transportation for people who cannot use the fixed-route bus system for some or all of their trips due to a physical or mental disability. This service, operated by the Capital Area Transportation Authority (CATA), is intended only for those trips that the person cannot make on the fixed-route bus system. Completing this application will help determine when and under what circumstances the applicant can use fixed-route bus service and when Spec-Tran paratransit service is needed.

INSTRUCTIONS FOR COMPLETING THIS FORM:

The applicant (or someone assisting them) must complete the entire packet except for the Medical Verification section. A licensed physician or other medical professional must complete and sign the Medical Verification page.

All questions must be answered. Incomplete forms will be returned.

If you need assistance in completing the form, or have any questions about ADA service and eligibility, please feel free to contact

When completed, please return the form to the following agency:

Dear Applicant:

There are two ADA paratransit eligibility standards that apply to Spec-Tran:

1. Your disability prevents you from navigating the fixed-route bus system (i.e. getting on, riding, or getting off the bus) with or without the assistance of another individual. Please note that all CATA fixed-route buses meet ADA accessibility standards and are ramp equipped.
2. Your disability prevents you from traveling to or from a fixed-route bus stop location.

If, after reviewing the above, you feel that you may qualify to use Spec-Tran service based on these standards, please continue with this application. If you do not meet at least one of these criteria, please contact CATA for information on fixed-route bus service at (517) 394-CATA (2282).

There are three types of ADA paratransit eligibility:

1. Unconditional - this eligibility is granted if your disability prevents you from using CATA fixed-route bus service for any trips that you might need to make.
2. Conditional - this eligibility is granted if you can use buses some of the time, but need Spec-Tran service under certain circumstances, such as poor weather conditions.
3. Temporary - this eligibility is granted for individuals with temporary conditions that require Spec-Tran service for less than a year.

The information you provide about your disability is confidential. Completed applications will be processed within 21 days of receipt of your completed application. If you have not heard from us within 21 days, you are eligible to use Spec-Tran until your application is processed and a determination is made.

In some instances, we may need more information from you in order to make a decision. If so, we will contact you to schedule an in-person interview. Applicants will be notified in writing of the approval or denial of eligibility, and in the case of denial, the reason(s) for the decision. In the event that eligibility is denied, information on the appeals process will be included with the written determination.

If we determine that you are eligible for Spec-Tran service, you will receive a Spec-Tran Rider's Guide and an ADA identification card in the mail.
