

EXHIBIT A SCOPE OF WORK

1. **Background**

The Capital Area Transportation Authority (CATA) is the regional public transportation provider for the Greater Lansing area. Specifically, CATA currently provides transit service to the Cities of Lansing and East Lansing, the Townships of Lansing, Delhi, Delta, and Meridian, and Ingham County. CATA operates over 30 fixed bus routes and demand-response services in the rural Ingham area, as well as in Delhi, Delta, and Meridian Townships and the Cities of Mason and Williamston. CATA also provides a demand-response service designed to meet the needs of persons with disabilities, called Spec-Tran. CATA provided 11.8 million passenger trips in fiscal year 2011. CATA's annual Fixed Route mileage is approximately 4.1 million miles.

CATA's current firewalls have reached the end of life and are very outdated. These firewalls are the technology that protects CATA from internal and external attacks. For the security of our network and data, CATA must now replace the two (2) firewalls.

2. **Scope of Work**

CATA is requesting prices for two (2) PAN-PA-3020 to include the relevant licensing, or equal/like hardware/software as described below.
