My Commission expires:

COMMISSIONING AGENT:

- A. Contractor shall be responsible to work with the Commissioning Authority to verify the system operation and sequence of operation for the controlled equipment, and provide appropriate documentation that the systems have been verified.
- B. If any deficiencies are found in either the system or the documentation of the system operation, the deficiencies or documents shall be repaired or replaced at the expense of the Contractor.
- C. If the proper sequencing or system functions cannot be achieved as installed and additional part/equipment/controls are required, they shall be added at the expense of the Contractor. The project includes all necessary labor and material for a complete and operable system.
- D. Contractor shall provide up to one week of time after the project is completed and verified by Contractor to be working properly to work with the Commissioning Authority in verifying the controls system operation and sequence of operations. During that time the contractor shall make adjustments as required to optimize the performance of the equipment as deemed necessary by the Commissioning Authority. Contractor shall include all time within the base bid to make any necessary adjustments over the next 12 months of operation from the completion date for any issues that may arise.
- E. Control Contractor shall hire the Commissioning Authority. Available Commissioning Authorities could include:
 - a. Matrix Consulting Engineers, Inc. Phone: (517) 487-2511
 - b. Horizon Engineering Phone: (248) 348-8800
 - c. Peter Basso Associates Inc Phone: (248) 879-5666
 - d. If other than names listed Bidder shall furnish credentials of selected commission authority. Provide:
 - i. Company History
 - ii. Contact Information
 - iii. Years of Experience
 - iv. Resume(s)
