I-K Proposal Requirements

Proposing firms/organizations shall include a detailed proposal. Emphasis should be on completeness and clarity of content.

Cover letter

The proposal must include a cover letter which identifies the proposing firm/organization, mailing address, contact person, email address and telephone number. The cover letter must be signed by the individual who is authorized to negotiate and execute a contract on behalf of the proposing firm/organization.

Price

The price proposal must include the cost for services described herein. Proposed costs must be submitted on the enclosed Pricing Form (*See Attachment D*).

Qualifications of firm/organization

The proposal must include the firm's principle qualifications to communicate its ability to successfully complete the scope of work, include firm's length of time in business and include firm's certificate of insurance. The proposal must include the resumes of key individuals from the responding organization to be assigned to CATA.

References

The proposal lists three (3) company references that will confirm vendor's capability to successfully complete the scope of work within the last five (5) years. Firm is requested to provide a list of contracts that are similar to CATA. CATA reserves the right to contact any or all of the listed references (*See Attachment C*).

I-L Acceptance of Proposal Content

The contents of this RFP, its attachments, and the proposal will become contractual obligations if a contract ensues. Failure of the successful respondent to accept these obligations may result in elimination of the respondent from the selection process. CATA further reserves the right to interview the key personnel assigned by the successful respondent to this project and to recommend reassignment of personnel deemed unsatisfactory by CATA.

I-M Economy of Presentation

Each proposal should be prepared simply and economically, providing a straightforward, concise description of the respondent's ability to meet the requirements and objectives of this RFP. Emphasis should be on completeness and clarity of content.

I-N Primary Contractor Responsibilities

The selected contractor(s) (Primary Contractor) will be required to assume responsibility for all services offered in its proposal whether or not the contractor performs them. Further, CATA will consider the selected respondent to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.

If any part of the work is to be subcontracted: All subcontracted work to which costs will be passed through CATA or outside services must comply with CATA's procurement procedures. All bidding summary sheets must be attached to subcontractor receipts/invoices and sent to CATA. Any sole-source awards must be documented, and this documentation must be attached to the invoice submitted to CATA.

The primary contractor is responsible for adherence by the subcontractors to all provisions of the contract. CATA must review and approve, in writing, all subcontractors. All subcontractors must be included in the initial proposal with descriptions of the firm's qualifications and the qualifications of the key individuals assigned to this project. The primary contractor is responsible for any subcontractor's project quality and performance in meeting deadlines.

I-O Other Duties Assigned by CATA

Because of the nature of this project, CATA is unable to determine all possible work components and tasks to be completed. The Contractor may be asked to provide additional services not outlined in this RFP. When additional duties beyond those outlined in this RFP and in the Contractor's proposal are identified, CATA and the contractor will discuss the contractor's ability to complete this work. If CATA determines the contractor should conduct the additional work, the contractor will provide a Request for a Task Order describing the work to be done and all associated costs. A written task order will then be issued by CATA.

I-P Selection Criteria

Responses to this RFP will be evaluated based upon the following factors as presented in the respondent's proposal. The criteria used to evaluate the proposals are provided below and are listed in order of importance. Therefore, the contract may be awarded to a firm which is not necessarily the low bidder.

1. Technical Criteria

- How well does the proposal demonstrate understanding of the scope and objectives.
- Proposal should demonstrate CATA's desire for consistency with respect to existing real-time arrival screens in CATA's service area.
- Does the proposal meet all mandatory technical requirements.
- Provide an estimated lead time for each real-time screen and annunciator.

2. Experience & Qualifications Criteria

- Company Experience
 - The proposal should include a brief overview of the organization.
 - It must outline the contractor's general qualifications.
 - It must state how long the contractor has been in business.
- Team Qualifications
 - Are the proposed team members experienced and qualified.
 - The proposal must include resumes of key individuals who will be assigned to the CATA project.
- Firm's Experience with Similar Projects
 - The proposal provides three (3) company references demonstrating the contractor's past performance on similar projects.
 - The proposal shows relevant experience and expertise related to the scope of work.

3. Price/Cost Criteria

- The pricing form must be thoroughly and accurately completed.
- The pricing form must include all costs associated with delivering the proposed services.

4. Proposal Quality Criteria

- Is the proposal thorough, visual and easily understandable.

Overall evaluation of the proposal and the vendor, including with respect to vendor, satisfactory references, legal status and compliance, experience with other projects and procurements, and other matters of concern.

CATA will constitute an ad hoc committee to evaluate all proposals. The firm(s) determined to be the most highly qualified based on the submitted proposal and any oral presentation may be asked to enter final negotiations. If the most qualified firm is unable to consummate agreement with CATA, then the next most qualified firm will be considered for award, and so on.

CATA will evaluate proposal criteria on a best value basis which considers both price and the above technical factors to determine the offer that is most advantageous and presents CATA with the best overall value.

The cost basis for the proposal will be used to evaluate the price proposal. Price will be evaluated in comparison to the above technical factors in the group.

Respondents may be required to update their proposals in writing if clarification or additional information is needed. Inquiries may be made of Respondents concerning their proposals. At any time during this process, CATA reserves the right to re-bid, award, or cancel the project, as CATA determines.

I-Q Oral Presentation

Not Applicable.

I-R Independent Price Determination

By submission of a proposal, the respondent certifies or, in the case of a joint proposal, each party thereto certifies as to its own organization, in connection with this proposal:

- The prices in the proposal have been determined independently and without consultation, communication, or agreement for the purpose of restricting competition as to any matter relating to such prices with any other respondent or with any competitor.
- Unless otherwise required by law, the prices that have been quoted in the proposal have not been knowingly disclosed by the respondent prior to award directly or indirectly to any other respondent or to any competitor.

or

- Is not the person within the respondent's organization responsible for the decisions as to the pricing being offered in the proposal but has been authorized, in writing, to act as an agent for the persons responsible for such a decision and certifying that such persons have not participated (and will not participate) in any action contrary to the requirements indicated in the bullets above.

I-S Pricing and Payment

The Contractor shall submit a proper invoice to the address shown below. CATA reserves the right to return an invoice which is incomplete.

The invoice must contain the following information:

1. Invoice number
2. Time period covered by Invoice
3. Description of work completed

The Project Leader or designee will provide individual project budgets before any work is authorized to begin. The Contractor must keep project costs within that amount unless the Project Leader agrees to a change before costs are incurred. Agency invoices and subcontractor receipts/invoices should clearly show that no mark-up costs, commissions or sales taxes were incurred. CATA will not pay mark-up or tax on any outside services which are obtained by the Contractor on CATA's behalf. CATA will pay for outside services directly to avoid any mark-up or sales tax.

SECTION II: STATEMENT OF WORK

II-A Background

The Capital Area Transportation Authority (CATA) is a public transit authority that operates public transportation bus and paratransit services across metropolitan Lansing, Michigan. CATA's mission-critical employees, such as bus operators, Customer Experience Representatives and Paratransit Schedulers, are considered first responders because transit is designated as an essential service in times of crisis. CATA plays a pivotal role in providing essential transportation services to riders within its service area including students in secondary and post-secondary education, senior citizens, persons with disabilities and individuals from underserved communities.

CATA was founded in 1972 and recorded 9.60 million trips in fiscal 2025. CATA's service area includes all 556 square miles of Ingham County and extends into portions of Eaton and Clinton counties. CATA operates 32 fixed routes and ADA-complementary paratransit services. Systemwide, the agency maintains approximately 1,500 bus stops and 150 shelters. CATA also provides public transit services on the campus of Michigan State University, and to and from area colleges and school districts.

CATA has interlocal agreements with neighboring transit agencies to provide coordinated cross-boundary transportation services which align with its strategic goal to achieve regional mobility. Additionally, in fiscal 2025, CATA expanded contactless payment options and microtransit service and introduced its first full-size electric-powered bus. Electrifying the fleet will further reduce carbon emissions and help achieve CATA's goal of net-zero carbon emissions by 2035.

As the region's public transportation provider, CATA occupies or conducts business at five facilities in its service area. Headquartered in south Lansing, the administration building is home to the executive office, all administrative departments and the bus storage facility, which houses CATA's directly operated fleet of more than 140 vehicles, maintenance and operations. The CATA Transportation Center (CTC), located in downtown Lansing, is the central boarding hub and transfer point for 16 CATA routes, regional transit and intercity bus services, the customer information center and on-site security.

As the region's primary multimodal transportation facility, the Capital Area Multimodal Gateway opened in November 2015 near MSU's campus. The Gateway offers seamless access to rail, intercity, regional and national bus lines, and transportation network companies such as Uber and Lyft, and taxicab services. The Gateway is served by three CATA fixed routes. The MSU-CATA Transportation Center (MSU-CTC/Ramp 1) is the main boarding center for CATA routes serving MSU and is adjacent to one of several campus parking ramps. CATA also serves Ramp 5, located on Red Cedar, adjacent to the College of Communication Arts and Sciences building.

CATA's bus operators and mechanics are represented by the Amalgamated Transit Union Local 1039. CATA utilizes a third-party contractor under a multi-year agreement to operate a portion of its paratransit operations.

CATA recently purchased property in downtown Lansing to develop a new mixed-use facility that will bring together public services and community resources in addition to addressing CATA's administrative space constraints.

II-B Objectives

The specific objective for this project is to secure a contract for bus stop real-time arrival signage and push button annunciators with the goal of improving the rider experience by providing real-time passenger information such as next vehicle arrivals, service disruption alerts, and other key updates. While real-time arrival information is already available online and on smartphone apps, real-time arrival information at bus stops provides this useful information to all transit users and passersby, regardless of their access to a smartphone.

II-C Scope of Work

The Capital Area Transportation Authority (CATA) requests proposals from respondents to implement real-time arrival display signage and push button annunciators to share real-time transit arrival information for services at CATA bus stops. The arrival signage and annunciators will integrate with an existing AVL/CAD system to receive real-time data on vehicle locations and present the information to passengers, both digitally through the arrival signage and verbally, through the push button annunciators.

The proposed system shall be scalable over its estimated lifetime to support additional real-time arrival signage and annunciators at other locations around the region, without replacement of initially installed components, including both hardware and software. Further, it must be capable of integrating with the existing AVL/CAD system used by CATA for its fixed route fleet. Integration with existing arrival signage in CATA's system is preferred yet, not a requirement. Examples of screens and push button annunciators that are currently within CATA's system are seen below:

Figure 1: Example of Real Time Screen and Annunciator Currently in CATA's System

CATA anticipates procuring up to approximately 100 digital bus stop real-time arrival screens and push button annunciators over the next five (5) years, depending on funding availability. The real-time information is most desirable at bus stop locations that serve multiple routes or at locations where someone may be transferring from one route to another. Along with a standardized format at CATA's bus stops around the region, CATA is seeking to bring the real-time arrival screens to the CTC and the MSU-CTC. It is intended that a vendor will be selected who can provide a variety of digital display signage to meet the needs of the particular locations.

DESIGN EXPECTATIONS

CATA seeks high-quality bus stop real-time arrival displays and push-button annunciators constructed of durable materials that support long-term functionality, accessibility, and ease of maintenance and repair. All equipment must be designed for installation on standard signposts and capable of withstanding outdoor environmental conditions.

The vendor must provide a complementary solar power system (including panels, batteries, and all necessary components) sufficient to reliably power the real-time display and annunciator year-round under local climatic conditions. The real-time displays must also have the ability to be hardwired if a location allows for that kind of power source.

CATA intends to standardize on a single real-time signage solution for bus stop installations. Additional design variations may be considered for deployment at major facilities, including the CTC and MSU-CTC, where units may be either solar-powered or connected to facility power, as appropriate.

All real-time arrival signs and push button annunciators for bus stops should adhere to the following specifications:

- Real-time arrival signs for bus stops should be no larger than 20 inches to easily fit at multiple bus stops.
- A complete, integrated power solution, that can be standalone (i.e. mounted on a bus stop pole and not, for instance, mounted on a bus stop shelter roof).
- All real-time arrival signs should have appropriate brightness for legibility in direct sunlight. Dynamic dimming capability to reduce light pollution at night will be considered as a positive.
- Signage and push button annunciators must meet ADA requirements for mounting height and accessibility.
- All real-time arrival signs should provide at least a 4G connection via a cellular modem.
- All real-time arrival signs shall be lockable and include vandal resistant enclosures that leave no exposed access or ports.
- All real-time arrival signs should be appropriately rated for the region's temperatures and weather conditions.

Additional Scope Items:

- Proposer must provide a part list including part names and numbers for components such as screens, annunciators, post, solar panel, fastening hardware, etc...
- Delivery of amenities to the CATA Administrative Building, located at 4615 Tranter Street, Lansing, MI 48910, shall be included within the proposed cost.
- Proposer to provide detailed assembly/installation instructions, beyond shop drawings.
- Awarded vendor will provide itemized parts list for delivered items.
- CATA intends to purchase real-time arrival signage and push button annunciators, as needs arise.
- CATA reserves the right to procure real-time arrival signage outside of this agreement for the duration of the contract.

If this contract is so terminated, the Contractor shall be compensated only for costs actually incurred and/or services actually performed prior to the time of notification of termination.
4. **TRANSITION RESPONSIBILITIES.** Upon termination of the contract for any reason, if CATA requests Contractor must reasonably assist with restoring CATA's data and/or materials to CATA and with any mandatory activities required for transition.
5. **ADDITIONAL INFORMATION.** The Contractor shall promptly furnish any additional information requested by CATA.
6. **CONTRACTOR RESPONSIBILITY.** The Contractor shall assume responsibility to ensure all materials used are suitable for CATA's needs whether the same is manufactured by the Contractor or purchased ready made from a source outside Contractor's company.
7. **DELIVERY.** Service and/or equipment will be delivered to Capital Area Transportation Authority, 4615 Tranter Street, Lansing, Michigan 48910. Invoices shall be furnished with the delivery of each item, service, or as otherwise specified in the contract. CATA reserves the right to inspect, but is not required to so inspect, all deliveries or services before acceptance.
8. **BREACH OF CONTRACT.** If the Contractor shall fail, refuse or neglect to comply with the terms of these contract conditions, such failure shall be deemed a total and material breach of the contract. Contractor shall be subject to all legal causes of actions, rights, and remedies that CATA may have and CATA may recover, in addition to any damages or costs relating to Contractor's breach, its reasonable attorneys' fees resulting from Contractor's breach.
9. **DISPUTES (AFTER BID AWARD).** Except as otherwise provided in the contract, any dispute concerning a question of fact arising under the contract which is not disposed of by agreement between CATA and Contractor shall be decided by CATA's Program Manager in writing, with a copy mailed or otherwise furnished to the Contractor. The decision of CATA shall be final and conclusive unless within ten (10) days from the date of receipt of such copy, the Contractor mails or otherwise furnishes to CATA a written appeal addressed to CATA's Chief Executive Officer for the determination of such appeal, which shall be final and conclusive, unless determined by a court of competent jurisdiction to have been fraudulent or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In connection with any appeal proceeding under this clause, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending a final decision of the dispute, the Contractor shall proceed diligently with the performance of the contract and in accordance with CATA's decision.
10. **DELIVERY EXTENSION AND DELAYS.** CATA reserves the right to extend, postpone or reschedule delivery in case the delivery of service equipment, under this contract, shall be necessarily delayed because of strike, injunction, civil disturbance, pandemic/endemic, force majeure, government controls, or by reason of any cause or circumstance beyond the control of the Contractor. In the event of such a delay, Contractor must notify CATA in writing. CATA shall reasonably extend the time of completion or a delivery by a number of days to be determined in each instance by CATA.
11. **INSTALLATION.** If specified in the contract, the Contractor shall install and place in operation, subject to approval by CATA, the equipment at the Contractor's expense within thirty (30) days from issuance of a notice to install issued by CATA.
12. **INSTALLATION EXTENSION AND DELAYS.** CATA reserves the right to extend, postpone, or reschedule installation in case the installation of equipment under this contract shall be necessarily delayed because of strike, injunction, civil disturbance,

pandemic/endemic, force majeure, government controls, or by reason or cause or circumstances beyond the control of the Contractor. The time of completion or installation shall be extended by a reasonable number of days to be determined in each instance by CATA.

13. ASSEMBLY. If required for the equipment to be operational and suitable for CATA's purposes, the Contractor shall assemble the equipment at its expense prior to installation.
14. ACCESSORIES. The Contractor shall furnish, without additional cost, all accessories required to permit CATA to operate any equipment being provided.
15. COMMUNICATION AND TRAINING. Contractor shall confer as necessary and cooperate with CATA in order that the services performed under the contract may proceed in an efficient and satisfactory manner. Contractor's work will include all conferences, consultations, hearings, or appearances deemed necessary by CATA to ensure that Contractor will be able to properly and fully perform the objectives as set forth in the contract. The Contractor, without additional cost, shall properly train CATA personnel in the operation and maintenance of the equipment provided.
16. SERVICE MANUAL AND WIRING SCHEMATIC. If specified, the Contractor will provide at least one copy of a service manual and at least one copy of a wiring schematic for individual components and other schematics and drawings.
17. WARRANTY. Contractor unconditionally guarantees that the quality of its work and warrants all work, services, and equipment it performs and/or provides under the contract will meet or exceed CATA's requirements and expectations. In addition to any other warranty, Contractor shall perform all obligations under the contract in a satisfactory manner as shall be determined within the sole and reasonable discretion of CATA. If CATA is dissatisfied with the quality of Contractor's work or Contractor's performance under the contract for any reason, CATA shall provide written notice to Contractor. If Contractor fails to remedy any quality or performance issue within 30 days from the date of this written notice, CATA shall have the right to immediately terminate the contract with no further obligations to Contractor, financial or otherwise. The Contractor shall describe its policy or warranty(s) both on workmanship and material as applying to the equipment, along with the method or adjustment, and shall be further subject to warranty requirements of CATA as set forth in the following Paragraph 17. The Contractor agrees that the supplies or services furnished under this contract shall be covered by the most favorable warranties the Contractor gives any customer for such equipment and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to CATA by any other clause of this contract.
18. PERFORMANCE GUARANTY. Contractor must at all times have financial resources sufficient, in the opinion of CATA to ensure performance of the contract and must provide proof upon request. CATA may require a performance bond if, in the opinion of the CATA, it is necessary to ensure performance of the contract. If required, as provided in federal regulations and modified by FTA guidance, for each Project or related activities implementing the Underlying Agreement that involve construction, it will provide bid guarantee bonds, contract performance bonds, and payment bonds.
19. INSURANCE. The Contractor shall place and maintain with responsible insurance carriers the following insurance. The Contractor shall deliver to CATA, upon request, certificates of insurance which shall provide thirty (30) days' written notice to be given to CATA in the event of cancellation. Contractor shall require all Subcontractors to maintain adequate insurance coverage.
 - (a) Workers' Compensation and Employer's Liability Insurance.
 - (1) Workers' Compensation in compliance with the applicable state and federal laws.
 - (2) Employer's Liability. Limit \$1,000,000.
 - (b) Commercial General Liability Insurance, including Professional Liability, Blanket contractual, XCU Hazards, Broad Form Property Damage, Completed Operations, and Independent Contractor's Liability, all applicable to Personal Injury, Bodily Injury and Property Damage to a combined single limit of \$1,000,000 each occurrence/claim, subject to a \$2,000,000 annual aggregate for Professional Liability, Completed Operations and Personal Injury other than Bodily Injury.
 - (c) Automobile Liability Insurance, including owned, hired and non-owned automobiles, Bodily Injury and Property Damage, to a combined single limit of \$1,000,000 each occurrence.
 - (d) Cyber Liability Insurance, to a combined single limit of \$1,000,000 each occurrence/claim.

Occurrence-based policies must be maintained for the duration of the contract. Claims-made policies must be maintained for that period and until all applicable statutes of limitations have expired. Contractor's insurance must be primary so that any CATA insurance is excess, secondary, and non-contributing. Contractor agrees to name CATA as an additional insured on any applicable policies including, but not limited to the liability insurance policy, to provide the fullest insurance and indemnification to CATA allowed

by the policy and applicable law. Contractor's insurance must be written by carrier's authorized to write insurance in Michigan and having at least an A- rating in the most recently published version of A.M. Best Company Insurance Ratings. Contractor's insurance must be endorsed to provide that the policy will not be canceled or materially changed without 30 days written notice to CATA (or if this endorsement cannot be obtained, Contractor will give CATA at least 30 days' advance notice before any policy is cancelled or its terms are materially altered). Each of Contractor's insurance policies must waive all of their subrogation rights with respect to losses payable under the policy.

Contractor must provide a copy of its insurance policies complying with the terms of the contract to CATA if CATA so requests. CATA is under no obligation to request such policies.

20. **INDEMNIFICATION, HOLD HARMLESS, DEFENSE, AND WAIVER OF CLAIMS.** While insurance can be used to satisfy this obligation, not limited by the protection afforded by any policy of insurance, to the fullest extent permitted by law Contractor agrees to indemnify, defend, and hold harmless CATA and, if applicable, the Michigan Department of Transportation, the Federal Transit Administration, and all of each of their officers, agents, and employees thereof, without reservation, from and against any and all liabilities, obligations, penalties, claims, charges, demands, causes of action, losses, damages, costs and expenses, whether determined to be valid or only alleged, in any way related to Contractor's obligations and/or performance of the contract including, but not limited to: (a) any breach by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable) of any of the promises, agreements, representations, warranties, or insurance requirements contained in the contract; (b) any infringement, misappropriation, or other violation of any intellectual property right or other right of any third party; (c) any bodily injury, death, or damage to real or tangible personal property occurring wholly or in part due to action or inaction by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable); and (d) any acts or omissions of Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable).

CATA shall promptly notify Contractor of any claim as to which it seeks defense and indemnification and provide reasonable cooperation. Contractor shall have the right to select counsel and to control the defense, so long as CATA consents and agrees to the counsel, such approval within the sole discretion of CATA.

To the fullest extent permitted by law, Contractor hereby waives any and all claims against CATA and agrees not to hold CATA liable for any damages including, but not limited to, personal injury or property damage incurred by Contractor or its employees while performing services under the contract.

21. CATA will not be subject to any obligations or liabilities by Subcontractors of the Contractor or their Subcontractors or any other person not a party to this contract without its specific consent and notwithstanding its concurrence in or approval of the award of any contract or subcontract or the solicitation thereof.
22. **ACCEPTANCE OF MATERIAL - NO RELEASE.** Unless CATA otherwise agrees in writing, acceptance of any portion of the material prior to final acceptance shall not release the Contractor from liability for faulty workmanship or materials or for failure to fully comply with all of the terms of this contract. CATA reserves the right and shall be at liberty to inspect all materials and workmanship at any time during the manufacturing process, and shall have the right to reject all materials and workmanship which do not conform with the contract requirements and specifications; provided, however, that CATA is under no duty to make such inspection and no inspection so made shall relieve Contractor from any obligation to furnish materials and workmanship in accordance with the contract requirements and specifications.
23. **FINAL ACCEPTANCE.** All services performed by Contractor under the contract are subject to review and approval of CATA for completeness and fulfillment of the requirements of the contract. CATA's review, approval, or payment for any services shall never be construed to operate as a waiver of any rights under the contract, and Contractor shall be and will remain liable in accordance with applicable law for all damages to CATA caused by Contractor's negligent performance or nonperformance of any services furnished under the contract or any representations made under or in performance of the contract. Final undisputed payment for services or equipment under the contract shall commence the warranty period.
24. **NO ASSIGNMENT OF CONTRACT.** The contract is only with Contractor and may not be assigned by Contractor to any other person or entity without CATA's written consent. Any assignment in violation of this paragraph shall be void and shall provide the opportunity to CATA to void the contract, at its sole choice and election.
25. **DEFECTIVE WORKMANSHIP AND MATERIAL.** When and as often as CATA determines that the work done or being done under the contract or the kind of quality or materials supplied in connection therewith are not fully and completely in accordance with any requirement of the contract documents, it may give notice of such noncompliance to the Contractor in writing and the Contractor shall immediately upon receipt of such notice do all things required to remedy such noncompliance without additional cost to CATA. If the Contractor fails to comply with such written notice, then CATA, upon written notice to the Contractor, shall deduct the cost of repair, replacement or correction of defective or damaged work from the compensation due or to become due to the Contractor, or terminate the contract in its sole discretion.

26. **WAIVER.** No failure by CATA to insist upon the strict performance of any covenant, duty, obligation, agreement, or condition of the contract or to exercise any right or remedy consequent upon a breach thereof shall constitute waiver of any such breach of any other covenant, duty, obligation, agreement, or condition. Neither the assessment of liquidated damages or penalties nor any failure to assess liquidated damages or penalties shall be construed to waive or excuse performance requirements or any rights CATA has to damages or penalties under the contract.

27. **CONFIDENTIALITY AND OWNERSHIP OF DATA AND DOCUMENTS.**

- (a) All original documents, calculations, and work product produced by Contractor, whether produced on paper or electronic media or otherwise in performance of the contract, and all data gathered through provision of services shall be the sole and exclusive property of CATA. Contractor shall make available to CATA copies of all Contractor correspondence, notes, and other papers relating to the work, upon request of CATA. All works of original authorship created in the scope of the contract are "works made for hire," as that term is used in connection with the US Copyright Act.
- (b) To the extent that by operation of law Contractor retains any intellectual property rights to any work product, Contractor hereby irrevocably assigns and licenses to CATA all right, title, and interest in such work product, including copyrights and patents, and agrees to execute such assignments and licenses as may be required in the opinion of CATA's legal counsel to confirm this provision.
- (c) To the extent that the work product produced by Contractor contains standard design or construction details or other standardized material previously developed by Contractor in its professional practice, then Contractor shall have the right to reuse any such material on other projects for other clients or persons without the prior knowledge or permission of CATA and without the payment of any compensation to CATA, provided that the reuse or continued use of such material contains no CATA identifying information or confidential information.
- (d) In order that the Contractor may effectively fulfill its obligations under the contract, it may be necessary or desirable for CATA to disclose confidential and/or proprietary information to the Contractor. Since it is difficult to separate confidential and proprietary information from that which is not, the Contractor shall regard, and shall instruct its employees to regard, all information gained from CATA as confidential and such information shall not be disclosed to any organization or individual without court order or the prior written consent of CATA. With respect to a subpoena, court order or other legal process, Contractor shall notify CATA of the demand for information before responding, and shall comply with this provision to the extent practicable. The above obligation shall not apply to information already in the public domain or information required to be disclosed by a court order. Contractor agrees to take appropriate action with respect to its employees to ensure that the foregoing obligations of non-use and non-disclosure of confidential information shall be fully satisfied.
- (e) **PATENT RIGHTS.** Contractor agrees that:
 - a. (i) Depending on the nature of the Underlying Agreement, the Federal Government may acquire patent rights when the Contractor produces a patented or patentable invention, improvement, or discovery; (ii) The Federal Government's rights arise when the patent or patentable information is conceived or reduced to practice with federal assistance provided through the Underlying Agreement; or (iii) When a patent is issued or patented information becomes available as described in the preceding section 17(a)(2) of this Master Agreement, the Contractor will notify FTA immediately and provide a detailed report satisfactory to FTA.
 - b. **Federal Rights.** Contractor agrees that: (i) Its rights and responsibilities in that federally assisted invention, improvement, or discovery will be determined as provided in applicable federal laws, regulations, requirements, and guidance, including any waiver thereof; and (ii) Unless the Federal Government determines otherwise in writing, irrespective of its status or the status of Contractor as a large business, small business, state government, state instrumentality, local government, Indian tribe, nonprofit organization, institution of higher education, or individual, the Contractor will transmit the Federal Government's patent rights to FTA, as specified in 35 USC § 200, et seq., and US Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 CFR Part 401.
 - c. **License Fees and Royalties.** Consistent with the applicable US DOT Common Rules, the Contractor agrees that license fees and royalties for patents, patent applications, and inventions produced with federal assistance provided through the Underlying Agreement are program income, and must be used in compliance with applicable federal requirements.

28. **COMPUTATION OF TIME.** In computing a period of time prescribed by these conditions, the following rules apply:

- (a) "Day" means days of the week (e.g., Monday through Friday), not business days.
 - (b) The day of the act or event after which the designated period of time begins is not included.
 - (c) The last day of the period is included, unless it is a Saturday, Sunday, or legal holiday. In that event, the period runs until the end of the next day that is not a Saturday, Sunday or legal holiday.
29. JURISDICTION. This Contract will be governed by the internal laws of the State of Michigan without reference to its choice of law rules. Exclusive jurisdiction and venue of any suit, action or claim relating to this contract will be in the Ingham County Circuit Court or the Federal District Court for the Western District of Michigan.
30. COST COMPUTATION. The Federal Acquisition Regulation, 48 CFR, Chapter 1, Part 31.2, as now existing or hereinafter amended, shall be used, in all instances, to determine the amount of costs incurred by Contractor that CATA shall be required to pay, or reimburse, to Contractor, including, without limitation, where the contract requires CATA to pay Contractor's costs as part of the contract price, where the contract price is adjusted resulting from changes to the requirements of the contract, and when calculating the amount due Contractor pursuant to Termination for Convenience clause.
31. TRAVEL EXPENSES. CATA shall not reimburse Contractor for travel costs, including accommodations, meals, transportation and fuel costs, unless the travel activity and the travel costs have been approved in advance by an authorized representative of CATA. All travel costs to be paid by CATA shall not exceed amounts determined in conformance with the Federal Acquisition Regulation, 48 CFR Section 31.205-46, Travel Costs.
32. EXTENSION. CATA has the right, in its sole discretion, to extend the term of the contract beyond the term and subsequent options outlined in the contract. Any such extension after the options outlined above must be in writing and upon terms mutually agreed between CATA and Contractor.
33. TIME IS OF THE ESSENCE. Contractor agrees time is of the essence in the performance of the contract. Failure to perform as required may, in CATA's sole discretion, be declared a material breach of contract.
34. CONTRACTOR EMPLOYEES. Contractor warrants and represents that its employees who will perform work under the contract are properly educated, trained and/or licensed to perform the services under the contract. Contractor shall perform all its obligations under the contract without the use of a subcontractor, unless CATA grants express written approval for the use of a subcontractor before such services are performed. Approval of a subcontractor is in CATA's sole discretion and is not required under any circumstance. In the event any such subcontractor is approved, Contractor's invoices and subcontractor receipts/invoices should clearly show that no mark-up costs, commissions or sales taxes were incurred. CATA will not pay mark-up or tax on any outside services which are obtained by Contractor.
35. INDEPENDENT CONTRACTOR. Contractor's relationship to CATA is independent-contractor-to-client. None of Contractor's personnel are employees of CATA, and CATA is not a partner of Contractor. Contractor expressly acknowledges and agrees that it and its employees are not and will not for any purposes be considered employees, agents, or representatives of CATA. Contractor shall be responsible for any and all taxes, worker's compensation insurance, and any other work-related expenses, including but not limited to work performed under contract for CATA. Contractor shall be solely responsible for the actions of its employees and/or contractors and agrees to fully defend, indemnify, and hold CATA harmless, without reservation for any claims or causes of action which arise as a result of their actions.
36. MEDIA CONTACT AND RELEASES. Contractor will not issue any public announcement or media release of any kind regarding the contract, the services performed or additional services or projects which relate to the contract, or any incident that occurs while performing services under the contract without the prior written approval of CATA, and then only to the extent of and in accordance with instructions given with such approval. CATA will be responsible for providing all public information materials on the services performed under the contract.
37. INVOICING. CATA shall not incur any expense until and only to the extent that services are provided by Contractor and such services are properly invoiced. If Contractor satisfactorily performs the required work under the contract. CATA will pay Contractor for the work performed as outlined in the Proposal, if the same is properly invoiced. Contractor is responsible to submit a complete, proper, and timely invoice to CATA for any orders under the contract. Failure to do so will relieve CATA of the obligation to pay. Each invoice must include invoice number, time period covered by the invoice, description of work completed, contact person and phone number, and payment remit address. CATA will pay each undisputed invoice within 30 days after receipt if that invoice meets the itemization and other requirements described in the contract. CATA may withhold from one or more invoices all amounts disputed in reasonable detail by CATA within 90 days of the date of invoice. Payment does not waive claims that CATA may have against Contractor. Contractor must continue to provide services regardless of any fee, price, or charge dispute.
38. INTERPRETATION.
 - (a) References to laws, documents and other written materials include amendments that may be made from time to time.

- (b) References to days mean calendar days. Any deadline or end of any time period that does not fall on a business day extends through the next business day. Business day means any calendar day other than a Saturday, Sunday or other day on which financial institutions close.
- (c) If any provision of these General Terms and Conditions conflicts with a provision required by law or contract, including, but not limited to those mandated by MDOT, FTA, US DOT, or other mandatory provision, the mandatory provision shall prevail.
39. **RISK OF LOSS.** Until final acceptance, title and risk of loss or damage to any materials remains with Contractor. Contractor is responsible for filing, processing, and collecting all damage claims. CATA will record and report to Contractor any evidence of visible damage. If the CATA rejects any equipment or materials, Contractor must remove them from the premises within 10 calendar days after notification of rejection. The risk of loss of rejected or non-conforming equipment or materials remains with Contractor. Rejected equipment or materials not removed by Contractor within 10 calendar days will be deemed abandoned by Contractor, and CATA will have the right to dispose of it as its own property. Contractor must reimburse CATA for costs and expenses incurred in storing or effecting removal or disposition of rejected equipment or materials.
40. **SURVIVAL.** The provisions of the contract that impose continuing obligations, including warranties and representations, termination, transition, insurance coverage, indemnification, and confidentiality, will survive the expiration or termination of the contract.
41. **DISCLOSURE.** Contractor specifically and expressly understands that CATA is subject to public disclosures including the Freedom of Information Act and as such the contents of any contract with CATA, any information Contractor provides to CATA, payments made to Contractor, etc. may be disclosed by CATA without any prior notice to Contractor.
42. **COMPLIANCE WITH GRANT TERMS.** Contractor understands and agrees that CATA's funding to pay Contractor compensation for the contract may come from grant dollars or funding sources that have terms which need to be met. Contractor agrees that upon notification by CATA of these terms, Contractor will conduct itself in accordance with and abide by any such terms, without condition, to ensure CATA does not lose the funding source.
- a. Contractor agrees that the Federal Government may suspend, suspend then terminate, or terminate all or any part of the federal assistance for the Award if: (1) CATA or Contractor has failed to make reasonable progress implementing the Award; (2) The Federal Government determines that continuing to provide federal assistance to support the Award does not adequately serve the purposes of the law authorizing the Award; or (3) CATA or Contractor has violated the terms of the Underlying Agreement, especially if that violation would endanger substantial performance of the Underlying Agreement.
 - b. **Financial Implications.** In general, termination of federal assistance for the Award will not invalidate obligations properly incurred before the termination date to the extent that those obligations cannot be canceled. The Federal Government may recover the federal assistance it has provided for the Award, including the federal assistance for obligations properly incurred before the termination date, if it determines that CATA or Contractor has misused its federal assistance by failing to make adequate progress, failing to make appropriate use of the Project property, or failing to comply with the Underlying Agreement, and require CATA or Contractor to refund the entire amount or a lesser amount, as the Federal Government may determine including obligations properly incurred before the termination date.
 - c. **Expiration of the Period of Performance.** Except for a Full Funding Grant Agreement, expiration of any period of performance established for the Award does not, by itself, constitute an expiration or termination of the Award; FTA may extend the period of performance to assure that each Formula Project or related activities and each Project or related activities funded with "no year" funds can receive FTA assistance to the extent FTA deems appropriate.
 - d. **Uniform Administrative Requirements.** These termination rights are in addition to and in no way limit the Federal Government's rights to terminate described in 2 CFR § 200.340.
43. **MDOT AND FTA TERMS.** All contractual provisions that the Michigan Department of Transportation ("MDOT"), the Federal Transit Administration ("FTA"), and/or the US Department of Transportation ("US DOT") by law or regulation, require to be included in contracts supported by state or federal financial assistance, including the requirements set forth in FTA Circular 4220.1 and the Clause Matrix (last updated May 2025), as updated and amended, and the Master Agreement between CATA and FTA and the Master Agreement between CATA and MDOT as it may be amended, all of which are hereby incorporated by reference. FTA required terms and MDOT required terms shall be deemed to control in the event of a conflict with other provisions contained in this contract. Contractor shall not refuse to comply with any CATA request to conform this contract to include MDOT or FTA required contractual provisions. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any CATA requests which would cause CATA to be in violation of the mandated contractual provisions.
44. **ETHICS.** Contractor agrees it has or it will establish and maintain written Standards of Conduct covering conflicts of interest that:

- (a) Apply to the following individuals who have a present or potential financial interest, or other significant interest, such as a present or potential employment interest in the selection, award, or administration of a third party contract or subcontract: (i) The Recipient or its Subrecipients' officers, employees, board members, or agents engaged in the selection, award, or administration of any third party agreement; (ii) The immediate family members or partners of those listed above in section 4(a)(1)(i) of this Master Agreement; and (iii) An entity or organization that employs or is about to employ any person that has a relationship with the Recipient or its Subrecipient listed above in sections 4(a)(1)(i) and (ii) of this Master Agreement;
- (b) Prohibit those individuals listed above from: (i) Engaging in any activities involving the Recipient's or any of its Subrecipients' present or potential Third Party Participants at any tier, including selection, award, or administration of a third party agreement in which the individual has a present or potential financial or other significant interest; and (ii) Accepting a gratuity, favor, or anything of monetary value from a present or potential Third Party Participant in the Recipient's Underlying Agreement, unless the gift is unsolicited and has an insubstantial financial or nominal intrinsic value; and
- (c) Establish penalties, sanctions, or other disciplinary actions for violations, as permitted by state or local law or regulations, that apply to those individuals listed above for violations.
45. **DRUG AND ALCOHOL MISUSE AND TESTING.** The Contractor certifies that it, its subrecipients, and its contractors are compliant with FTA's regulation for the Prevention of Alcohol Misuse and Prohibited Drug Use in Transit Operations, 49 CFR Part 655.
46. **CHANGE IN CONTROL.** Contractor will notify CATA within 30 days of any public announcement or otherwise once legally permitted to do so, of a material change in Contractor's organizational structure or ownership. For purposes of the contract, a material change in control means any of the following: (a) a sale of more than 50% of Contractor's stock; (b) a sale of substantially all of Contractor's assets; (c) a change in a majority of Contractor's board members; (d) consummation of a merger or consolidation of Contractor with any other entity; (e) a change in ownership through a transaction or series of transactions; (f) or the board (or the stockholders) approves a plan of complete liquidation. A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes. In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract. If CATA is not satisfied for any reason with the new control, CATA has the option to terminate the contract.
47. **CHANGE IN CIRCUMSTANCES.** Contractor agrees that changed circumstances may occur that may impact CATA's ability to comply with the FTA terms and conditions such as: (i) A change in federal requirements or guidance; (ii) A change in state, territorial, local, or tribal requirements; (iii) A change in CATA or Contractor's circumstances, including: (A) Its legal, financial, technical, or managerial capacity; (B) Its continuing control of Project property; or (C) Another similar situation; and (iv) Any current or prospective legal matter with potentially serious consequences, including a major dispute, default, breach, or litigation, or knowledge that the Contractor's principal, official, employee, agent, or another third party, or other person has submitted a false claim under the False Claims Act, 31 USC § 3729, et seq., or has committed a criminal or civil violation of law pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving federal assistance; suspension, debarment, or other similar administrative or enforcement action against CATA or the Contractor; or any matter or situation, including any other change or legal action that may adversely affect the Federal Government's interest in a Project or related activities. In the circumstances described above, Contractor agrees to provide immediate written notice to CATA so it can provide appropriate notice to the interested parties.
48. **CHANGES TO FEDERAL REQUIREMENTS.** Federal requirements that apply to the Recipient or the Award, the accompanying Underlying Agreement, and any Amendments thereto may change due to changes in federal law, regulation, other requirements, or guidance, or changes in the Recipient's Underlying Agreement including any information incorporated by reference and made part of that Underlying Agreement; and Applicable changes to those federal requirements will apply to each Third Party Agreement and parties thereto at any tier.
49. **NOTICE OF DISPUTES, BREACHES, DEFAULTS, AND LITIGATION.** If a current or prospective legal matter that may affect CATA or the federal government emerges, the Contractor must notify CATA. The Contractor must include a similar notification requirement in each of its subcontracts for twenty-five thousand dollars (\$25,000) or more.
- (a) Legal disputes that require notification under this provision include, but are not limited to, a major dispute, breach, default, litigation, or naming CATA or naming the federal government as a party to litigation or a legal disagreement in any forum for any reason.
- (b) Matters that may affect the federal government (and thereby CATA) include, but are not limited to, the or the federal government's interests in the award, the accompanying underlying agreement, and any amendments thereto, or the federal government's administration or enforcement of federal laws, regulations, and requirements.
- (c) Additional notice to US DOT Inspector General. The Contractor must promptly notify the US DOT Inspector General in addition to the FTA chief counsel or regional counsel for FTA's appropriate region, if the Contractor has knowledge of potential fraud, waste, or abuse occurring on a project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the false claims act, 31 USC § 3729, et seq., or has or may have

committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bid rigging, misappropriation or embezzlement, bribery, gratuity, or similar misconduct involving federal assistance. This responsibility occurs whether the project is the subject of this contract, another contract funded by the FTA, or an agreement involving a principal, officer, employee, or agent of the Contractor. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Contractor. In this paragraph, "promptly" means to refer information without delay and without change.

APPENDIX B

PROHIBITION OF DISCRIMINATION IN STATE CONTRACTS

In connection with the performance of work under this contract, Contractor agrees as follows:

1. In accordance with Act 453, Public Acts of 1976, Contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or as a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, or marital status. Further, in accordance with Act No. 220, Public Acts of 1976, as amended by Act No. 478, Public Acts of 1980, Contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. A breach of the above covenants shall be regarded as a material breach of this contract.
2. Contractor hereby agrees that any and all subcontracts to this contract, whereby a portion of the work set forth in this contract is to be performed, shall contain a covenant the same as hereinabove set forth in Section 1 of this Appendix.
3. Contractor will take affirmative action to insure that applicants for employment and employees are treated without regard to their race, color, religion, national origin, age, sex, height, weight, marital status or a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer, recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
4. Contractor will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, age, sex, height, weight, marital status or disability that is unrelated to the individual's ability to perform the duties of a particular job or position.
5. Contractor or its collective bargaining representative will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the said labor union or workers' representative of the Contractor's commitments under this appendix.
6. Contractor will comply with all relevant published rules, regulations, directives, and orders of the Michigan Civil Rights Commission which may be in effect prior to the taking of bids for any individual state project.
7. Contractor will furnish and file compliance reports within such time and upon such forms as provided by the Michigan Civil Rights Commission, said forms may also elicit information as to the practices, policies, program, and employment statistics of each subcontractor as well as Contractor itself, and said Contractor will permit access to its books, records, and accounts by the Michigan Civil Rights Commission and/or its agent, for purposes of investigation to ascertain compliance with this contract and relevant with rules, regulations, and orders of the Michigan Civil Rights Commission.
8. In the event that the Civil Rights Commission finds, after a hearing held pursuant to its rules, that Contractor has not complied with the contractual obligations under this Agreement, the Civil Rights Commission may, as part of its order based upon such findings, certify said findings to the Administrative Board of the State of Michigan, which Administrative Board may order the cancellation of the contract found to have been violated and/or declare Contractor ineligible for future contracts with the state and its political and civil subdivisions, departments, and officers, and including the governing boards of institutions of higher education, until Contractor complies with said order of the Civil Rights Commission. Notice of said declaration of future ineligibility may be given to any or all of the persons with whom Contractor is declared ineligible to contract as a contracting party in future contracts. In any case before the Civil Rights Commission in which cancellation of an existing contract is a possibility, the contracting agency shall be notified of such possible remedy and shall be given the option by the Civil Rights Commission to participate in such proceedings.
9. Contractor will include, or incorporate by reference, the provisions of the foregoing paragraphs (1) through (8) in every subcontract or purchase order unless exempted by the rules, regulations or orders of the Michigan Civil Rights Commission, and will provide in every subcontract or purchase order that said provisions will be binding upon each subcontractor or seller.

The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, *provided*, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The Contractor further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *provided*, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The Contractor agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The Contractor further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the Contractor agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Contractor under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such Contractor; and refer the case to the Department of Justice for appropriate legal proceedings, including sanctions for noncompliance.

APPENDIX E

CATA Board Policy No. 204

DISADVANTAGED BUSINESS ENTERPRISE POLICY

The Capital Area Transportation Authority (CATA) has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the US Department of Transportation (DOT), 49 CFR Part 26. CATA has received Federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, CATA has signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of CATA to ensure that DBEs are defined in part 26, have an equal opportunity to receive and participate in DOT-assisted contracts. It is also our policy:

1. To ensure nondiscrimination in the award and administration of DOT - assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for DOT - assisted contracts;
3. To ensure that the DBE Program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs;
5. To help remove barriers to the participation of DBEs in DOT-assisted contracts;
6. To assist the development of firms that can compete successfully in the market place outside the DBE Program.

The Purchasing and Contracts Manager has been delegated as the DBE Liaison Officer. In that capacity, the Purchasing and Contracts Manager is responsible for implementing all aspects of the DBE program. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by CATA in its financial assistance agreements with the Department of Transportation.

CATA has disseminated this policy statement to the Board of Directors and all of the components of our organization. We have distributed this statement to DBE and non-DBE business communities that perform work for us on DOT-assisted contracts. CATA will give public notice of DBE goals, how the goals were determined, and contact information for public comment.
